## ACTUAL WAR SEEMS TO BE ONLY ANSWER

Chancellor Von Bethmann-Hollweg's  
Speech Removes All Doubt About  
Wilson's Course.

TO GO OVER WAR MESSAGE

President and Cabinet Expected to  
Make Final Draft of Speech  
to Congress Today.

BITTER WAR IS ANTICIPATED

Pacifist Element in Congress Will  
be Swamped Beneath Patriotic  
Wave, it is Indicated.

By ROBERT J. BENDER  
(U. P. Staff Correspondent.)  
Washington, March 30.—Only  
actual war was talked here generally  
today. Chancellor Von Bethmann-  
Hollweg, in a speech considered de-  
fiant, weak and misleading puts aside  
all doubts in the minds of many of-  
ficials that President Wilson will not  
make a forceful demand upon con-  
gress for America to take full part in  
the struggle. That Hollweg had made  
a poor case was the general view.

The cabinet and president were ex-  
pected to shape the last of the details  
of the war message today.

That President Wilson will favor  
some form of universal military  
training is the view of military of-  
ficials.

Military men declare that the war  
may be the bitterest the United  
States has ever seen. They argue  
that the universal military law ought  
to be applied.

The pacifist element in congress  
will be swamped beneath a patriotic  
wave, according to unofficial can-  
vasses today. Congress will uphold  
the president to the last ditch it now  
appears.

The president today completed  
the first draft of his war message.  
Throughout the morning he denied  
himself to all callers and worked  
on the message, that it might be in  
definite shape for the cabinet meet-  
ing this afternoon. After complet-  
ing his work he went for a long  
auto ride.

The cabinet's view of the situa-  
tion was outspoken and frank. Sev-  
eral members expressed their belief  
that a state of war between this  
country and Germany has existed  
for some time.

## SOME DOUBT ABOUT FUTURE OF GERMANY

British Officers See Actions on Part  
of Enemy Indicating They Are  
Not Sure of Position

INDICATIONS OF A RETREAT

By WILLIAM PHILLIP SIMMS  
(U. P. Staff Correspondent.)

With the British Armies, in the  
Field, March 30.—British officers  
saw behind the German lines a belief  
that the Teutons were uncertain of  
their ability to hold their new de-  
fensive position. This belief was  
based on reports of numerous fires,  
explosions and preparations for  
bloody operations of the same char-  
acter as marked their retreat to the  
Hindenburg line.

French survivors left behind by  
the retreating Germans report dis-  
satisfaction among the German sol-  
diers. Before leaving the soldiers  
revealed the situation in Germany to  
be similar to that which preceded  
the Russian revolution. The sol-  
diers expressed general dissatis-  
faction with the state of affairs at  
home.

## RENOMINATE OLD OFFICERS

House Democrats Take This Action  
at Caucus

(By United Press.)  
Washington, March 30.—Demo-  
crats of the house caucused today  
with thirty-three members absent  
and re-nominated all former officers.  
Representative Gallivan of Mass-  
achusetts, leading democratic hold-  
out was one of the absentees. No  
signs of dissension were shown.

The appointments to fill vacan-  
cies on committees were left to the  
ways and means committee.

## FRANKLIN LODGE TEAM IS PRAISED

Degree Staff Complimented by Con-  
nersville People After Pre-  
sentation of Work

TRIP MADE IN SPECIAL CAR

Drill by Twelve Members in Front of  
Lodge Hall Feature—Parade  
Before Meeting

The degree staff of Franklin  
lodge, No. 35 I. O. O. F. accompa-  
nied by the Odd Fellows band and  
orchestra visited Connersville last  
evening where they conferred the  
third degree upon a class of fifteen  
candidates before a crowd estimated  
at 350. The meeting was held in  
Gutenberg lodge, No. 319.

The Rushville delegation left  
here at 7:30 o'clock in a chartered  
car over the traction line and was  
met at the station there by over  
200 members in regalia. A parade  
was formed led by the local mem-  
bers in uniform and after traversing  
the main streets terminated at the  
hall.

A space was cleared in the street  
there and a picked team of twelve  
members gave a display drill for the  
benefit of the great crowd that had  
assembled. This feature was re-  
ceived with great applause and was  
very highly complimented by the  
Connersville people. The appear-  
ance of the staff and the music of  
the band elicited favorable com-  
ment, the turn out of fifty men in  
uniform being out of the ordinary.

The presentation of the third de-  
gree in spectacular form was some-  
thing new for the Connersville lodge,  
it having never been attempted there  
before. In all about seventy-five  
members attended the meeting from  
this city.

## FOOD SUPPLY OF NATION IN DANGER

Alarming Reports From Grain Belt  
Reach Chicago Market—  
Shortage of Labor

MUCH WHEAT LAND PLOWED

(By United Press.)

Chicago, Ill., March 30.—The food  
supply of the nation is in danger,  
was the cry in the Chicago meat  
and grain markets today. Alarming  
reports poured into the market to-  
day from the great winter wheat  
fields of Kansas and Nebraska. They  
told of draught and of the plowing  
up of thousands of acres of winter  
wheat.

Another grave menace today was  
the fact that the labor shortage  
which exists has been made critical  
by the calling out of the national  
guard. The present national guards  
called will take 30,000 men from the  
agricultural states. Farmers hesi-  
tate about increasing the acreage in  
the face of a certain labor famine.

The high price of all seeds is  
also threatening disaster. The de-  
mand still remains greater than the  
supply.

## TWO WILL CONTEST FOR COUNTY HONORS

Tom Saunders to Represent Rushville  
High School and Miss Myrtle  
Smith, Carthage.

SPECIAL PROGRAM ARRANGED

The county contest of the Discus-  
sion League will be held tonight at  
seven-thirty o'clock at the Graham  
Annex auditorium to decide who  
shall represent Rush county in the  
district contest which will be held  
here next Friday night. The two  
contestants tonight will be Tom  
Saunders from the Rushville high  
school and Miss Mildred Smith of  
the Carthage high school. The sub-  
ject of discussion will be: "Resolved,  
that the United States should adopt  
a system of compulsory military ser-  
vice similar in its essentials to the  
Swiss plan."

The program tonight will open  
with a violin solo by Miss Lois  
Reeves, followed by a vocal solo by  
John Norris. After the two speeches  
and while the judges are reaching a  
decision, a feature moving picture  
film which shows the circumstances  
connected with the composition of the  
"Star Spangled Banner" will be pre-  
sented. At one point in the story,  
the audience will be asked to sing the  
song, led by A. M. Taylor.

## FORTUNATE TO GET GOV. J. P. GOODRICH

County Forum Regards it Fortunate  
That State Executive Could  
Come for First Meeting

IS AUTHORITY ON TAXATION

On account of the prominence of  
the speaker and the additional fact  
that it will be the first meeting of  
the Rush County Constitution For-  
um, a large attendance is expected  
at the Graham Annex auditorium  
next Monday night when Governor  
James P. Goodrich will discuss one  
of the questions which will enter  
into the making of a new constitu-  
tion in Indiana.

The state executive is regarded  
as the best authority on the taxing  
question in Indiana. It is this sub-  
ject that he will speak of Monday  
night. It was tax reform that he  
made the chief slogan of his cam-  
paign last fall. He has delivered  
many speeches throughout the state  
on the subject and is well equipped  
to offer an intelligent discussion of it.

The local committee believes it  
very fortunate to get Governor  
Goodrich for the first meeting and  
thinks this will prove a great thing  
for the Forum.

## WANTS POLITICS OUT OF THE CONVENTION

Indianapolis, Ind., March 30.—  
Will H. Hays, republican state cen-  
tral committee chairman, today is-  
sued an appeal for the election of  
non-partisan delegates-at-large to  
the constitutional convention at a  
conference of leading republicans  
of the state called to consider the  
proposal that democrats and repub-  
licans co-operate in selecting candi-  
dates for delegate-at large.

Hays declared that the constitu-  
tional convention will be no place  
for partisan politics. That the  
question of woman's suffrage and  
prohibition should be submitted sepa-  
rately from the constitution and  
that the time of the convention  
should not be taken up with consid-  
ering these two questions, was the  
opinion expressed by Hays.

## RUSHVILLE MUST ACT IMMEDIATELY

Definite Step in Regard to Modern  
Appliance Company is Expect-  
ed at Meeting Tonight

INVESTIGATORS TO REPORT

The attendance of everyone who  
is actively interested in a factory  
proposition for Rushville is urged  
at the meeting at the court house  
assembly room tonight at seven-  
thirty o'clock. R. L. Tompkins and  
S. L. Trabue, who have just return-  
ed from Chicago where they investi-  
gated the Modern Appliance com-  
pany, will make a written report of  
their findings and ask that it be in-  
corporated in the minutes of the  
meeting. They have already indi-  
cated that the report will be favor-  
able so that here is every indica-  
tion that something definite will be  
done tonight. The members of the  
committee will be ready to answer  
any questions that interested men  
may want to ask.

Rushville will have to act quickly  
on the proposition because the Mod-  
ern Appliance company is to be in-  
formed next Tuesday at the latest  
what is to be expected from Rush-  
ville. Those who are acquainted with  
the factory and its prospects are  
highly enthusiastic about it because  
they believe the industry will grow  
rapidly and be good for the city.

## TO CONDEMN GROUND FOR SCHOOL PURPOSES

Ed Jackson, Washington Township  
Trustee, Brings Action Against  
Augustus Glidden Estate.

TO BE USED FOR PLAY GROUND

Washington township, by the  
trustee, Edward Jackson has filed  
suit against Edson L. Aiken, trustee  
of the state of Augustus Glid-  
den, Mary Archer and Augusta  
Bronwell to condemn land for school  
purposes.

The township seeks to secure  
four acres from the Glidden estate  
adjoining the Raleigh school on the  
east. The ground is to be used for  
recreation purposes, the complaint  
stating that the present school  
grounds are too small and the  
crowded condition of the school  
makes a large play ground desir-  
able.

It is pointed out that the trustee  
has offered the defendants the sum  
of \$1,450 for the real estate, which  
he considers a fair value, but that  
his offer has been refused. The  
complaint asks that the court ap-  
point three appraisers to place a  
value on the property. Morgan and  
Ketchum represent the plaintiff.

## RUSH COUNTY HAS REACHED ITS GOAL

Rush county reached its goal on  
the Newcastle relief fund. When it  
was started several local citizens  
with a vision said that Rush coun-  
ty ought to send \$2,500 to New-  
castle. Many thought it impossible,  
but reports of additional subscrip-  
tions at Carthage today brought the  
total to a little more than \$2,500.  
Carthage had been previously re-  
ported as sending \$200, but this  
week's Carthage Citizen reports, the  
fund closing with \$286.32. Adding  
this additional \$86.32 to \$2,418.25  
previously reported from here,  
makes the sum contributed by Rush  
county citizens \$2,504.57.

Mrs. Bert Talbot will return to  
her home in Indianapolis this even-  
ing after a visit of several days  
with her parents, Mr. and Mrs.  
David Marshall.

## INCREASE IN RATES GRANTED

Freight on Coal in Indiana Advanced  
Five Cents Ton.

(By United Press.)  
Indianapolis, Ind., March 30.—The  
Public Service Commission today  
granted the railroad companies of  
Indiana an increase of five cents a  
ton for coal hauled in intrastate  
traffic. The order follows a hearing  
held last summer when the railroads  
presented figures to prove additional  
revenue for necessary coal traffic.  
The interstate commerce commission  
has granted a similar order.

## CITES EXAMPLE OF OBEDIENCE

The Rev. L. E. Brown Says it is  
Necessary to be Obedient in  
Order to be Saved

REFERS TO STORY OF RAHAB

Her Obedience to Israelite Spies  
Was Her Salvation—Pronounced  
Best Sermon of Series

The example of Rahab, who was  
saved by the Israelite army when  
Jericho was destroyed, was held be-  
fore the audience at the Main Street  
Christian church revival service  
last night by the Rev. L. E. Brown  
to show that obedience to the laws  
of God is the only way to be saved.  
He used the story of Rahab and her  
household, taken from the second  
chapter of Joshua, as the basis of  
the sermon.

Last night's sermon was pronoun-  
ced the best of the revival thus far  
and was heard by a splendid audi-  
ence. Special music on the program  
for last night could not be given but  
is promised for tonight.

The Rev. Mr. Brown will speak  
tonight at seven-thirty on the sub-  
ject, "The Man Who Came to Him-  
self." He will also preach at both  
of the regular services Sunday. In  
the morning at ten-thirty his subject  
will be, "Candles and Candlesticks,"  
and in the evening at seven-thirty,  
"Wings of Silver, Feathers of  
Gold."

The evangelist told the story of  
Rahab and her household. She lived  
on the wall at Jericho and received  
spies that came from the Israelite  
army to find out the condition of  
the city. She protected them from  
the king and let them out over the  
wall by means of a rope. In return  
the spies promised to save Rahab  
and her household when the Israel-  
ite army moved on the city of Jeri-  
cho. The Israelites proved true to  
their promise and Rahab and her  
family were the only ones in the  
city who were saved. The spies  
told her to hang a scarlet thread  
out of the window of her house so  
that it would be known who had  
been faithful to the Israelites.

The Rev. Mr. Brown drew the les-  
son that Rahab was saved from  
death because she was obedient and  
hung the thread out of the window.  
He said that in order to be saved  
today it was necessary to be obedi-  
ent to God.

## LETS STEEL NET CONTRACT

Navy Department Orders 100 to  
Protect Against Submarines

(By United Press.)

Washington, March 30.—A con-  
tract for 100 anti-submarine steel  
nets has been awarded to the Am-  
erican Steel and Wire company of  
Philadelphia. The contract amount-  
ed to \$188,100.

The nets are to be 1,500 feet in  
length and 34 feet deep. Delivery  
will commence in three weeks.

The nets are extensively used by  
the allies.

## WEATHER

Partly cloudy, warmer to-  
night; Saturday cloudy.

## WABASH CLUB IS COMING TUESDAY

College Musical Organization Will  
Give a Concert at the First  
Baptist Church

TWENTY-SIX MEN IN CLUB

Itinerary Opens Tonight With Con-  
cert in Indianapolis and Con-  
tinues Until April 11.

Active preparations are being  
made for the concert to be given  
here next Tuesday night at the First  
Baptist church under the auspices  
of the Willing Workers class of the  
Sunday school. Early indications  
are that the concert will be largely  
attended because the excellent rep-  
utation the organization has here.  
The club has appeared in Rushville  
in past years and gained the reputa-  
tion of being the best college orga-  
nization of the sort ever in Rushville.  
There are twenty-six men who give  
a variety of vocal and instrumental  
numbers.

This year the glee club represent-  
ing Wabash college is one of the  
best that the school has put out in  
the last few years and Rushville is  
promised a good lively concert by a  
bunch of real college boys.

The program that will be offered  
by the college club is varied from  
many like organizations and will be  
full of good college life and patriot-  
ism. The college club is carrying  
with them this year two of the  
best musical instrument players  
that have ever entered Wabash in  
the last few years. Coming with  
the club are eight freshmen, six  
sophomores, two juniors and five  
seniors.

The club went on tour today,  
opening the itinerary with a con-  
cert at the Propylaeum in Indian-  
apolis tonight. The tour will end with  
the concert at Elwood, April 11.  
The club has already given several  
week-end tryout concerts with  
pleasing success. The complete itine-  
rary follows: March 30, Indian-  
apolis; March 31, Alton; April 1,  
sacred concert at Alton; April 2,  
Shelbyville; April 3, Rushville;  
April 4, Connersville; April 5,  
Muncie; April 6, Winchester; April  
7, Anderson; April 8, Anderson,  
sacred concert; April 9, Alexandria;  
April 10, Summitville and April 11,  
Elwood.

The club this year has been  
coached by Professor Francis H.  
Cowles, who came to Wabash last  
fall as successor to Professor H.  
M. Kingery, in the department of  
Latin. The personnel of the club  
follows: First tenors, Ellis, Kinney,  
Billman and Lowes; second tenors,  
Continued on Page 5.

## Getting Ready For Easter

Usage has made Easter time  
the season for donning new  
Spring attire; and just now the  
stores are in full swing of prepa-  
ration.

Never were they brighter—  
never did the new things look  
more inviting.

And as the advertising natu-  
rally reflects the merchandise, the  
business news as told in today's  
Daily Republican is unusually  
interesting.

It tells of the styles, the colors,  
the shapes, the trimmings, the  
ribbons, the laces, and the furbe-  
lows.

It informs the men what is  
new in line and fabric.

It tells where the new things  
can be seen and what the prices  
are.

To miss the advertising these  
days is to miss much important  
news of what is going on in this  
busy world.

For First Time This Element Creeps Into Speeches Made in the Reichstag.

**ZIMMERMAN IS CENSURED**

(By United Press.)  
Amsterdam, March 30.—For the first time since the start of the war a note of doubt as to Germany's future crept into Reichstag speeches, according to dispatches received here. Member Spaulm stated that he "hopes Germany is preparing to fight a new and powerful enemy."

A socialist member bitterly censured Foreign Secretary Zimmerman's Mexican-Japanese scheme against America and declared that the Prussian system must be abolished. He declared that Germany must not be considered a reactionary country.

## Another Tornado

This time it is going to hit Rushville. It hits this city every spring. This tornado does not destroy everything in its way, it just musses things up, tires people and when it has passed leaves this city better off.

### YOUR HOME

cannot be insured for this tornado, only by taking the proper steps toward preventing it. The last few years we have helped many a housewife from this annual spring drudgery of housecleaning. Your draperies, curtains, fancy table linen and centerpieces, have them dry cleaned. Your rugs, both large and small ones, and your carpets, let us clean them also.

We clean rugs and carpets without removing the sizing; we either dry clean them, vacuum clean or scour them; all spots and dirty places are removed by our modern process and the rug or carpet will have the appearance of a new one.

*Our out-of-town patrons, especially those in the rural districts—we will clean your rug the same day that you bring it in, so that you may take it home with you.*

*Our city patrons—call us up; we will call for and deliver your rugs or curtains.*

## "TIZ" FOR TIRED AND SORE FEET

Use "Tiz" for puffed-up, burning,  
aching, calloused feet  
and corns.

Why go limping around with aching, puffed-up feet—feet so tired, chafed, sore and swollen you can hardly get your shoes on or off? Why don't you get a 25-cent box of "Tiz" from the drug store now and gladden your tortured feet?

"Tiz" makes your feet glow with comfort; takes down swellings and draws the soreness and misery right out of feet that chafe, smart and burn. "Tiz" instantly stops pain in corns, callouses and bunions. "Tiz" is glorious for tired, aching, sore feet. No more shoe tightness—no more foot torture.

### FUNERAL HELD TODAY

The funeral of Miss Hattie Downey, formerly of Arlington, who died at her home in Royal Center, was held this afternoon at the Arlington Christian church at two o'clock and burial was made in the Arlington cemetery. The body arrived at Arlington this morning. She was 55 years old and at one time taught school at Arlington. One sister, Mrs. Alma Kistler of Royal Center, and a half sister, Mrs. L. E. Herkless of Charlottesville, survive.

Charles E. Shively, age sixty-six years, a Richmond attorney, died yesterday afternoon after a two weeks illness brought on by an attack of the grippe. He was well known here by reason of his activity in district republican politics. Mr. Shively was past supreme chancellor of the Knights of Pythias.

Come to the exchange tomorrow in the Puntenny room in North Main. 151L.

### Jackson, Miss., Man Tells How to Cure Chronic Cough

Jackson, Miss.—"I am a carpenter, and the grippe left me with a chronic cough, run-down, worn out and weak. I took all kinds of cough syrups without help. I read about Vinol and decided to try it. Before I had taken a bottle I felt better, and after taking two bottles my cough is entirely cured, and I have gained new vim and energy."—John L. Dennis.

Vinol is guaranteed for coughs, colds and bronchitis and for all weak, run-down conditions. F. B. Johnson & Co., Druggists, Rushville, also at the leading drug store in all Indiana towns—(Adv.)

### DRIVE AWAY HEADACHE

Rub Musterole on Forehead  
and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can affect stomach and heart, as some internal medicines do.

Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbitten feet, colds of the chest (it often prevents pneumonia).

## PEPSINCO

ON EVERYONE'S TONGUE. HUNDREDS IN THIS CITY NOT ONLY SAY PEPSINCO, BUT TAKE PEPSINCO AFTER EVERY MEAL. THAT'S THE REASON THEY HAVE A GOOD STOMACH.

Pepsinco—say it yourself that it may be easy to remember, easy to pronounce, easy to recall. Pepsinco demonstrates and identifies the strongest, most vital, most valuable remedy for indigestion and dyspepsia in the market. Every time you say Pepsinco to your druggist you are asking him for relief for your dyspepsia.

Thousands upon thousands of persons are taking Pepsinco and are having perfect health. Many of them suffered with indigestion, sick headache, sour stomach, dyspepsia, palpitation and other stomach disorders. They are well today. They took Pepsinco because it helped others, because it is highly recommended.

You try it out. Take a dose of this remarkable preparation, Pepsinco. You'll find we are right. You'll feel better after the first dose. Its prompt action will bring you around to normal health quickly and safely.

So many ordinary ills are closely allied to stomach faults that it is safe to apply the definition of indigestion to practically every internal complaint. If you have trouble with your food; if gas follows eating; if belching distresses you; if flatulency produces heart palpitation or heartburn, then Pepsinco is the preparation for you to take, for it offers the relief decidedly the quickest and best.

You who have suffered with indigestion and dyspepsia owe it to yourself to try Pepsinco. You cannot afford to delay longer. You cannot afford to take false or questionable remedies, the composition of which is uncertain and perhaps wrong. Buy Pepsinco of your druggist and get the scientific indigestion remedy. All druggists have Pepsinco, or we will send you a sample free of charge. The Neuro Pharmaceutical Company, Wapakoneta, Ohio.

## War Debts.

The total expense of the United States government, from 1789 to 1915 inclusive, have been about \$25,500,000,000. The national debts of the chief European powers, after two and a half years of war, have risen to twice that figure, according to the estimates of our federal reserve board.

And that, of course, represents but a small part of the war cost. It takes no account of the heavy taxes collected for war purposes, of the flotation of paper money in Germany and other countries, of the vast destruction of material property which must be replaced hereafter, of the damage done to industry and commerce, of the huge bill for physical disability of soldiers and the support of soldiers' families that piled up for the future.

Our own pension disbursements as a result of the civil war have amounted, in the succeeding half-century, to just about the original money cost of the war itself, \$5,000,000,000. If Europe undertakes to care likewise for its war-dependents—and present tendencies, contrary to European precedent, are in that direction—the present admitted public war debt must be regarded as doubled.

That present debt is about one-sixth of the total wealth of the nations involved. The pension liabilities would make it one-third of their wealth. The damage already done which must be repaired may raise the total to one-half. And the war still goes on, with the debt increasing even more rapidly.

And yet nobody seems much concerned any more with the financial side of the war. All the belligerents assume that the obligations will be

## MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back hurts or Bladder bothers—Meat forms uric acid.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders. Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

## IT IS SERIOUS

Some Rushville People Fail to Realize the Seriousness of a Bad Back.

The constant aching of a bad back,

The weariness, the tired feeling, The pains and aches of kidney ills

May result seriously if neglected. Dangerous urinary troubles often follow.

A Rushville citizen shows you what to do.

Taylor M. Lloyd, 940 W. Third street, Rushville, says: "My back ached steadily and at times was so weak that I could hardly be about. The kidney secretions were first too frequent in passage, then again seldom. I used about four boxes of Doan's Kidney Pills which I got at Pitman & Wilson's Drug Store, and they did just as recommended, relieving me in a short time."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Lloyd had. Foster-Milburn Co., Props., Buffalo, N. Y. —Adv.

met somehow. And doubtless they will. Enormous as they are, they are still far less heavy, proportionately to population and national wealth, than England's debt incurred in the Napoleonic wars. The multiplication of national wealth in this industrial era proceeds at an almost incalculable rate. If the war brings genuine, lasting peace, the debts may be far less burdensome than we have imagined. Freedom from armament expenses would mean enough saving to pay most of the interest, and two or three decades might see the principal wiped out.

## The Oomplatz.

The "oomplatz," the Chicago Tribune remarks, is with us again.

And what may the oomplatz be? It's a word used sometimes by newspaper men to describe a certain type of editorial—the learned editorial on foreign affairs perpetrated by "archaic statists" and "editorial statesmen." It used to be a favorite output of newspapers that pride themselves on the erudition editorial columns. Then it fell into general disrepute, because the public refused to read such stuff. The war has revived it.

In writing an oomplatz, the Tribune explains, "it is necessary to be highly figurative and to use a formidable armory of unfamiliar words. When we refer to the British government or its secretary for foreign affairs, we prefer to call them Downing Street; the French, Quai d'Orsay; the German, Wilhelmstrasse; the Austrian, Ballplatz. Anyone could say, 'The intentions of the Austrian government in this matter are thus and so.' The way to say it in an oomplatz is this: 'At last the cherished hope of Ballplatz diplomacy, the historic dream of the Drang nach Osten is about to be realized.'"

This newspaper prints editorials now and then on foreign affairs, because it believes that the public is interested in them, particularly while the war is in progress. But it tries not to print any oomplatzes. Why, indeed, shouldn't an editorial on foreign affairs be written as clearly, simply and sensibly as any other kind of editorial?

The only trouble in locating the proposed government paper and pulp mill is that it can't be effective in carrying more than one Congressional district.

Investigating the high prices will at least serve the purpose of suggesting to many people that they can get more money for their goods.

The League to Enforce Peace should lay in the big stock of munitions that will be necessary to secure its ends.

Much is said about the duty of neutrals. According to the general impression it is to crawl as far out of sight under the bed as possible.

The higher prices for automobiles won't affect sales. The money can always be saved out of church or charity contributions and your wife's clothes.

Such excellent inaugurals are being delivered by the governors that there is a suspicion that the secretaries wrote some of them.

# WOMAN OFFERS OTHERS ADVICE

Friends Can Gain Same Relief From Tanlac She Has, She Declares

South Bend, Ind., March 29.—Mrs. Cora E. Cook, of 325 East Fox street this city, has gained benefits from Tanlac, the Master Medicine and believes there are many others who can derive relief from their troubles through its use just as she did.

"I really am glad that there is such a medicine as Tanlac on the market and I know there are many others who can profit by its use just as I have," Mrs. Cook said on January 24.

"For some time," she continued, "my system generally has been all run down and I haven't felt a bit well. Stomach trouble in the form of indigestion was my chief complaint. My appetite was very poor and the little food I did eat would cause gas to form in my stomach and make me feel bloated. My stomach was in a sickened, soured condition most of the time and I was annoyed by belching almost constantly.

"I've taken three bottles of Tanlac now and I certainly feel a lot better. My appetite is ravenous now. I eat heartily and my food digests without causing me any trouble. The sickened, soured condition of my stomach has disappeared. I'm never bothered with bloating now and the belching is a thing of the past.

"I think Tanlac is an excellent medicine and I want to recommend it."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, nervousness, loss of appetite and the like and is fine for relieving the after effects of la grippe, pneumonia or a severe cold.

Tanlac is now being specially introduced and explained in Rushville at F. E. Wolcott's; in Carthage at J. H. McCarthy and Sons; in Arlington at Mrs. L. T. Davis's; and in Milroy at Barton and Sheppard's.—(Adv.)

# SEIGER WILL CASE NOW BEING TRIED

Suit Involving Estate of Late Falmouth Resident Opens in Fayette Court

ORIGINALLY FILED HERE

The suit of Louisa Gutapfel to break the will of the late John C. Seiger of Falmouth, started yesterday afternoon in the Fayette circuit court, where it was sent on a change of venue from this county. The case is expected to be completed late today or tomorrow morning.

The suit to break the will is directed against the Farmers Trust company of this city, executor of the will, Emma Jones, Odice Jones, Louisa Ruble, Harriet McCauley, Roy McCauley, Herman McCauley, Anna Stalter, Katie Stalter, Carrie Stalter, Oliver Stalter and Birdin Stalter. It is alleged that Seiger was of unsound mind when he wrote the will.

Under the terms of the will he gave Mrs. Jones the sum of \$1,000 for caring for him in his last illness and the balance of his estate was left to two nieces, Louisa Ruble of Kokomo and Harriet McCauley of Seattle, Wash. The plaintiff is also a niece and was not given anything under the will. Chauncey Duncan represents the plaintiff and Kiplinger and Smith the defendants.

# CONNERSVILLE HAS \$150,000 FIRE LOSS

Plant of Central Manufacturing Company Destroyed Last Night—Flames Spread Rapidly

LOCAL MEN EMPLOYED THERE

(By United Press.)  
Connerville, Ind., March 30.—The plant of the Central Manufacturing company, one of Connerville's industries was destroyed by fire at midnight last night with a loss of between \$100,000 and \$150,000.

The fire started in the metal department at the north end of the building and swept through the entire structure. The origin is unknown. The blaze was discovered by the nightwatchman but the flames spread so rapidly that the entire building seemed on fire when the fire departments arrived.

The Central Manufacturing company was engaged in making automobile bodies. William B. Ansted was president of the company. Plans were under way today for rebuilding. Three hundred men were put out of employment by the fire.

News of the fire at Connerville was received here early today. Several Rushville men have been working at the plant and started to work this morning as usual, not knowing of the fire.

Tomorrow Charles Chaplin will be shown in his latest comedy "Easy Street."

Helen Holmes the dauntless heroine of "The Manager of the B and A," which will be shown at the Gem tonight, comes honestly by her title "the railroad girl of the screen." Her childhood years were spent traveling over western roads in the private car of her father who at the time was a railroad official. In "The Manager of the B. and A." she has an interesting role of Constance Emory, the daughter of an aristocratic father who loses his position as manager of the railroad.

# Kidney & Co.

(BY DR. V. M. PIERCE)  
The kidneys and the skin work in harmony. They're companions, the skin being the second partner. If we are anxious to keep well and preserve the vitality of the kidneys and, also, free the blood from noxious elements, we must pay special attention to a good action of the skin and to see that the kidneys are flushed so as to eliminate the poisons from the blood. The pores of the skin can be easily clogged, and frequent baths with soap and water help to remove the injurious products that clog the pores. Sweating, by hard work or in a bath, at least once a week, helps to keep the skin and kidneys in good condition. Flush the kidneys by drinking plenty of pure water with meals and between meals. Occasionally obtain at the nearest drug store Anuric, which will help flush the kidneys and the intestines. You will find that Anuric is many times more active than lithia and that it dissolves uric acid almost as hot water does sugar.

# WHEN A TONIC IS NEEDED.

New Albany, Ind.—"For five years I suffered with neuralgia of the head and I took everything anyone told me about but nothing seemed to do much good, only to relieve me at the time. One day I was suffering terribly and a friend asked me if I ever tried Dr. Pierce's Golden Medical Discovery so I tried it, and am glad to say after taking three bottles of it and also the 'Pleasant Pellets' (which I am never without), I am never troubled with neuralgia at all. I gladly recommend it."—Mrs. J. H. ARTERBURN, 46 E. 4th St.

The pain of neuralgia is the cry of the starved nerves for food—feed the nerves on pure blood and you cure the disease.

The Mauzy Co.

Mrs. Gay Abererombie was in Connersville today attending a committee meeting of the federated clubs there, which are planning to entertain the federation in the spring.

About twenty-five couples attended the informal dance given in the K. of P. hall last evening, given for the Knights and their families. Mitchell's three piece orchestra played lively music during the course of dances.

An important meeting of the Women's Council will be held in the director's room of the Rushville National bank on Monday evening of next week. The meeting will begin at 7 o'clock and members are urged to be prompt. It is probable that final arrangements for the flower contest will be made at this time.

Mrs. Mary Walton entertained with a prettily appointed dinner at high noon on Thursday as a compliment to her niece, Mrs. Rachel DeWitt of Cincinnati who is here for a visit. The guests at the dinner were Mr. and Mrs. Oliver Walton and daughter, Florine, Mrs. Laura Thomas, Mrs. Margaret Thompson, Mrs. Locke Ferree, and Mrs. Elizabeth Humes.

Mrs. Carl Gunning entertained the members of her Bridge Club and a few invited guests yesterday afternoon at her home in West Tenth street. The congenial company of friends engaged in games of Bridge during the afternoon, playing in the rooms which were prettily decorated with bright spring flowers, sweet peas and jonquils. Clever little Easter appointments were also used in the service of the delicious luncheon. The club will meet again in two weeks. Invited guests yesterday were the Misses Clara Haydon and Bess Cleveland of Lexington, Ky., Mrs. George Griesser, and Mrs. Ernest Mitchell.

The eight members of the Pirate Bridge Club were the guests of Mrs. Donald Smith at her home in North Harrison street yesterday afternoon and spent the afternoon in playing Pirate Bridge. The luncheon served by the hostess was a delicious one-course affair. Mrs. Robert L. Tompkins is to entertain the club at their next meeting.

The members of the Juanita Club spent a pleasant afternoon yesterday as the guests of Mrs. Laverne Moore at her home in North Perkins street, Mrs. Moore being assisted by Mrs. Elsie Gregory. The afternoon was given over to a business session and pleasant social period near the close of which the hostesses served refreshments of ice cream, cake and coffee. The club will meet again in two weeks, the place to be announced later.

With lovely yellow flowers, tiny chicks and rabbits, a pretty Easter picture was presented in the hospitable country home of Mr. and Mrs. O. M. Harton yesterday when they entertained the members of the Merry-Go-Round Club at dinner. The center bouquet of yellow flowers was surrounded by fluffy little chickens and small rabbits. The same emblems were on the pretty little place cards, by which the guests found their places at the table. An elegant course dinner was served.

Inasmuch as this is the last meeting of the club for this season, officers were elected for next year as follows: president, Mrs. Watler Hite; vice-president, Charles Davis; secretary, Mrs. Charles Davis; and treasurer, Will Anderson. Arrangements were partially made for a picnic for July 4, which will be the next gathering of the club. Yesterday, the guests of Mr. and Mrs. Harton were Mr. and Mrs. Frank McCorkle, Mrs. Mary Cowan, Mr. and Mrs. Charles Davis, Mr. and Mrs. John Davis, Mr. and Mrs. Wal-

## Here's What You Can Do With Your Haynes "Light Six"

Drive 1 to 60 miles per hour on high. Get up speed of 30 miles per hour in 7½ seconds from a standing start, with full load. Climb on "high" hills that stall most cars. Average 8,000 miles to set of tires. Average 16 to 22 miles per gallon of gas. Average 400 miles to quart of oil.

These figures are not maximum records, achieved just once—but are based on performance reported by hundreds of Haynes owners. They indicate exactly what you can expect to do with your Haynes. New refinements have been added for comfort and convenience in the new series Haynes.

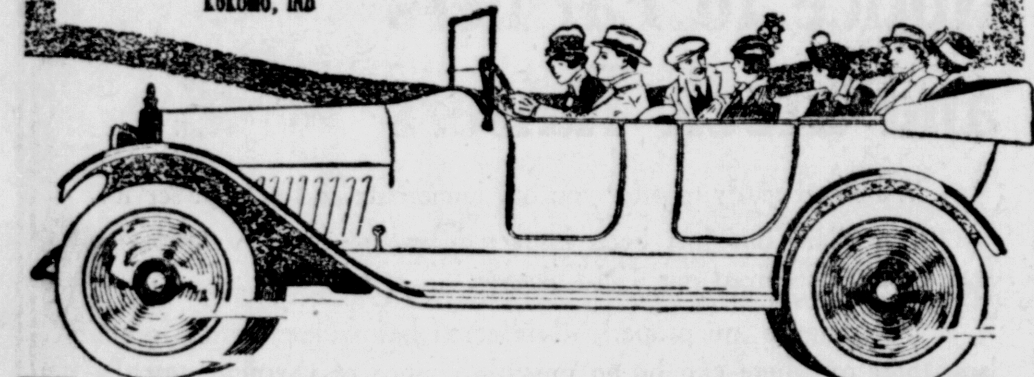

—but the engine is the same wonderful power plant, with cylinders 3½ x 5 that develop more power than any other motor of any make of equal bore and stroke.

It's the car of certain performance. Phone us to call for you in a Haynes, or drop in for a demonstration.

## ARRANGES FOR STATE CONFERENCE ON TAXES

Executive Committee of Indiana Association is Called Together by the President

STARTED REFORM AGITATION

Indianapolis, Ind., March 30.—Arrangements for a third state tax conference were made at a meeting today of the executive committee of the Indiana Tax association. The meeting was called by Dr. W. W. Rawles, president of the association and a member of the commission appointed by the legislature two years ago to make an investigation of the taxation problem in the state and Fred A. Sims, executive secretary of the association and another member of the association.

Tax reform agitation was started by the organization through state tax conferences, one held in 1913 at Indiana university and the other a year later in Indianapolis. The taxation agitation was partly responsible for the passage of the constitutional convention bill by the last legislature.

Under the present plans, the taxation conference would be held before the time of filing petitions for delegates to the constitutional convention in order to arouse the people to the necessity of changing the taxation laws. The meeting will probably be a two day conference, held in Indianapolis.

## CAMPS OF COUNTY ARE TO MEET HERE

Modern Woodmen Will Elect Delegates to State Camp to be Held at Hammond May 2.

SESSION ON NEXT WEDNESDAY

The county camp meeting of the Modern Woodmen of America will be held in the local camp room on the third floor of the Behr-King building next Wednesday evening at seven o'clock. There will be delegates from Milroy, Manilla, Rushville and Sexton camps will be present. One delegate will be elected to attend the state camp meeting at Hammond, Ind., Wednesday, May 2, to represent Rush county camps.

Immediately at the close of the county camp meeting the local camp will be convened in regular session and several candidates will be adopted for the entertainment of the visitors. The newly organized orchestra of the Modern Woodmen will provide music for the occasion and a large attendance of the membership is expected.

## WILL INTRODUCE SUFFRAGE MEASURE

Only Woman Representative's First Act Will be to Put Resolution Before the House.

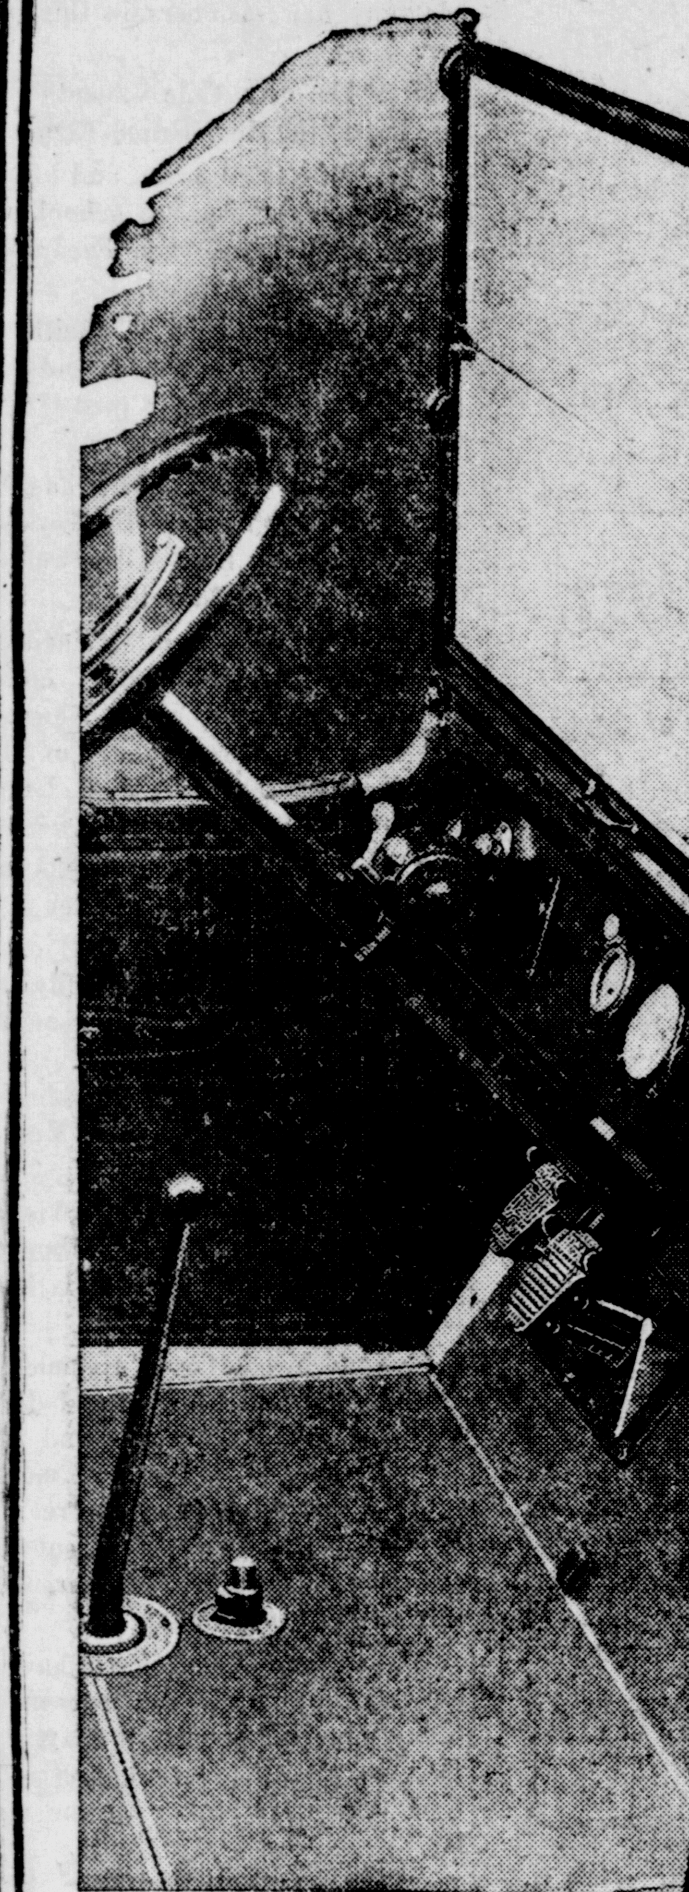

HER ARGUMENT FOR PASSAGE

(By United Press.)

Washington, March 30.—Miss Jeanette Rankin, the lady from Montana, will reintroduce in congress the Susan B. Anthony constitutional amendment for universal suffrage as her first official act after being sworn in on Monday.

The National Woman's party announced Miss Rankin's plans. Miss Rankin, America's first woman representative, will press for immediate consideration and passage of her resolution on the ground that if England has been forced to it now that war has come to England, America should grant it before war comes to America.

Washington, March 30.—Although the railroads of the country contend that heavy increased operating expenses have greatly reduced their earnings, the January estimate of the net income of the leading roads announced today by the interstate commerce commission showed a gain of seven million dollars over the same month over a year ago.

## "When in Doubt, Push Both Feet"

THAT'S ALL YOU NEED TO KNOW to drive Reo the Fifth, "The Incomparable Four."

THAT'S ONE REASON WHY this great car is so popular with women drivers—its simplicity and certainty of control.

"HANDLES JUST LIKE my old electric," exclaimed a prominent society woman when, after much hesitation, she essayed to drive her husband's new Reo the Fifth—and found to her surprise and delight that it was just as easy to drive a Reo gasoline car as it had been to drive her pokey old electric.

YOU SEE, THE TWO foot pedals are both "brakes"—and the left pedal also releases the clutch. Push half way—clutch releases and car coasts freely; push further and you set the "service" brake. Right foot sets the other or "emergency" brake.

NOW HERE'S THE DIFFERENCE between this Reo control and others:

ON OTHER CARS you must think of several things at once. Of course after a few weeks driving the various operations become practically automatic. But meantime—you may pay the price of the car for an accident, and a new radiator or fender is the frequent result of learning on most cars.

"STANDARD PRACTICE" controls one brake by a hand lever; the other by the right foot; and the clutch pedal is controlled by the left foot.

TO STOP QUICKLY and hold the car on an incline, you must perform three operations at least—release clutch and set two sets of brakes—one with the foot, one with the hand.

DRIVING REO THE FIFTH is simplicity itself to the novice—for all you need to know is "if in doubt, push both feet." Car stops—and nothing happens, you know, when you are standing still.

THE VERY FACT that you don't have to think which foot; nor need to use your hand at all; but can keep both hands firmly grasping the wheel, where they ought to be—till the emergency has passed—makes this the safest, simplest car in the world to drive—bar none.

JUST TRY IT yourself—if you have ever driven any car you need absolutely no instructions. Glance at the index plate that surrounds the "one rod" control lever—and you are an expert Reo driver from the instant.

IS IT ANY WONDER the demand for this Reo the Fifth has always been greater than the possible supply?

SIMPLICITY OF CONTROL—and low cost of upkeep are the two chief reasons.

THE PRICE—\$875 f. o. b. factory, is the other reason—for the quality, the bigness, and the luxurious riding qualities of Reo the Fifth at the price, makes this car "The Gold Standard of Values" among automobiles.

## ATTENDING A CONFERENCE

Local Republicans Indianapolis at Call of State Chairman Hays.

Several local republicans were in Indianapolis this afternoon in response to a message from Will H. Hays, state chairman, sent to leading members of the party in Indiana urging them to attend for the purpose of considering the best plans for selecting candidates for delegates-at-large to the constitutional convention. All district and county chairmen; executive and advisory committees; members of the Indiana congressional delegation and republican editors were invited to attend.

## Serum Station.....

The Swine Breeders Pure Serum Company of Thorntown, Indiana, has established a Serum Station at Rushville for the benefit of their stockholders and also the farmers of this part of the State who want to use a high class serum.

We sell direct to the farmer and guarantee him the best, pure, potent serum and virus that can be obtained anywhere. This serum is strictly troat bled serum, obtained by killing the hog outright and this is the only plant in the country using this method.

The company has arranged to keep serum on hands at Kramer's Cold Storage Plant, and anyone wanting serum can get it any time. We are prepared to answer calls for vaccination at all times and have an office with the Nipp Insurance Company over the Rushville National Bank.

## W. J. BRYAN HOLDS OUT OLIVE BRANCH

In Open Appeal to Congress Today, He Says He Expects to Live Up to Citizen's Duty.

### ACTS ARE NOT AGAINST U. S.

(By United Press.)  
New York, March 30.—William Jennings Bryan, in an open appeal to members of congress today, made an effort to keep this country at peace.

Bryan, who said that he "expected to live up to a citizen's duty if war comes," asked congress to consider the fact that Germany's wrongs, unjustifiable as they may be, are not intended primarily against this country, but are acts of desperation against nations with which Germany is at war. He pointed out that our land is not threatened with invasion, but that we are asked to go three thousand miles for a chance to fight.

Salt

Salt is a white, bullheaded seasoning that has to be put in a shaker and handled roughly before it will mind.

It has an awful crust at times and must be pulverized into submission. It will balk and stall around its retreat as long as it can, coming out in the open only when you threaten it with the blunt end of a fork.

Then it has spells of melancholy. You might as well let it alone when it gets one of these. It grows soggy and dull. There is nothing in the world more morose than a soggy shakerful of salt.

When our salt gets stubborn and mulish we just say to ourselves, but not so our wife can hear: "Well perhaps we are now dealing with a chunk of the salt Lot's wife turned to."

## Tom Saunders To Be Speaker

Earns Right to Represent Rushville  
High School of County Dis-  
cussion Contest.

WILL BE HELD FRIDAY NIGHT

Members of Senior English Hold  
Competitive Debate to Deter-  
mine the Representative.

(Margaret Ball)

In the Senior English debates held on Friday, March 16, at the regular recitation hour, Tom Saunders won the right to represent Rushville high school in the public Discussion contest to be held here tonight at the Annex auditorium. The question discussed was: "Resolved that the United States should adopt a military system, similar in essentials to the Swiss plan."

The contest took the form of two debates. In the first those who defended the question were Gertrude Wilkinson, Tom Saunders, Marie Clark and Hermonie Hughes and those on the negative were Louise Murphy, Lois Simpson, Paul Newhouse and Golda Jackson. The speakers for the affirmative in the second debate included Myrl Pierson, John Fleehart and Marjorie Retherford, while those who attacked the proposition were Lucile Geraghty, Lee Retherford and Paul Thorpe.

The debaters had their material well in mind and spoke easily and convincingly. Each speaker was allowed four minutes for argument and was permitted to use notes but not manuscript.

The judges, Mr. Marlatt and the members of the Senior English class, awarded second place to Paul Newhouse and third to John Fleehart, one of whom would represent the high school in case unforeseen difficulties should prevent the participation of the winner, Thomas Saunders.

## Student Opinion

### Trifler or Student. Which?

Did you ever observe the fellow who is always getting "called down" or "bawled out"? Take notice the next time and you will find that he is down in his studies, discourteous, and generally happy-go-lucky in nature.

Contrast him with a student who is quiet and modest, and whose deportment is never called in question. You will find that the latter is scholarly, courteous, and generally energetic and persevering by disposition.

It is logical. The fellow who studies has no time for making disturbances and consequently does not get "bawled out" or "called down." He is always paying attention to what is said and is never so discourteous as to shout out a question to the interruption of teacher and pupils alike. When a laugh is permissible he never "horse-laughs" or applauds unnecessarily with either hands or feet. He respects the rights of others. He is not a happy-go-lucky "ne'er-do-well," for he has an aim, a standard, a goal to reach, and is straining with all his might to get there. He will.

What are you, gentle reader? A disturber or a promoter? A pupil or a scholar? A student destined to success or a trifle doomed to failure? It will pay you to diagnose your case and apply remedies as needed.

The Junior class has been organized for the present year and has elected the following officers: President: Harold Perkins; Vice-President: Katherine Todd; Secretary: Gladys Bebout; Sponsors: Miss Baldwin and Mr. Marlatt.

## Three Tied For The First Place

Seniors, Juniors and Sophomores  
Even in Girls Inter-Class Bas-  
ketball Contest.

EACH HAS WON TWO GAMES

Had Seniors Been Victorious in  
Last One, They Would Have  
Had a Clear Title.

(Paul Newhouse.)

As a result of the varied victories in the inter-class games, the Seniors, Juniors and Sophomores are now tied for first place in the series of girls basketball contests, recently played in the Annex gymnasium. Each team has won two games and the final contest, which is to decide the championship, will be played at an early date.

On Tuesday night, March 21, the Seniors defeated the Freshmen 2 to 0 and the Juniors triumphed over the Sophomores 12 to 4. On Thursday, March 23, the winners of the first games, the Seniors and Juniors clashed and the Juniors were defeated 2 to 0. The Sophomores also defeated the Freshmen 2 to 0. In the games played Monday night, March 26, the Juniors encountered the Freshmen and were victorious by the score of 6 to 0, while the Sophomores "up set" the dope when they defeated the Seniors 3 to 2. Had the Seniors won their last game they would have had a clear title to the championship. Because of this defeat, however, another game is necessary to decide which team will be awarded the silver cup, offered by the director, Miss Nelle Baldwin.

The teams are composed as follows: Seniors: Marie Clark, Elsie Frazee, Valetta Walton, Nola Roth, and Hermonie Hughes; Juniors: Hazel Stoops, Margaret Cooning, Katherine Todd, Lucile Roth and Dorothy Easley; Sophomores: Mary Ellen Hughes, Ruby Sparks, Norma Geraghty, Gladys Chadwick, and Anna Roseneranes; Freshmen: Marguerite Kelly, Helen Thomas, Stella Offutt, Josephine Scholl, Helen Matlock, Jean Sparks and Janet Dean.

## Sophs Knocked Out

In a conflict, made deafening by the crack of breaking bones and colorful with buckets of blood, the Seniors defeated the Sophomores in the annual knock-down-drag-out game at the Annex arena last night. The fight was well attended and the fans were more than satisfied with the unbroken series of thrills presented by the numerous clinches, pinches and punches.

The Senior squad consisted of Thorpe and Newhouse, middleweight contenders, Martin the only man in the game whose reach exceeds Jack Johnson, Young Newhouse, who has yet to prove his class, and world renowned Wiva Pierson, heavyweight champion. The Sophomore aggregation included Johnny Keating, bantam-weight title holder, Lem Brown, Alec Alexander and Tommy Tompkins, all star-pugilists, Norman Reed the hardest hitter in the ring, and "Lil Arthur" Thompson, ex-sparring partner of Jess Willard.

The first round of the battle was so furious as to show to all who understood the game that it could not possibly continue more than two periods without resulting in fatal exhaustion for all the boxers. Referee Masters was all over the ring breaking clinches, adjusting quarrels, and registering challenges as they were provoked from time to time by punches of unwarranted force.

By way of explanation, this was in reality a basketball game, played at the Annex Gymnasium last night and resulting in a victory for the Seniors by a score of 31 to 22. The game was rough but no fatalities or serious injuries have been reported.

## Coach Deserves Credit

COACH MASTERS

Mr. Masters has worked wonders with the basketball team. He has made them better players by coaching, better athletes by training, better students by inspiration, and better men by association. Enough said. We might add, however, that the season has been very successful, not only in the percentage of games won, but also in financial returns, the inculcation of sportsmanlike ideals, and the development of a wholesome spirit.

J. H. Scholl.

## Debate Is Held At Gymnasium

Varsity Takes Affirmative on Question, "Resolved High School Can Beat Faculty"

DR. BEBOUT IS CHAIRMAN

Method of Argumentation is Forceful Demonstration Which Results Disastrously

(Katherine Todd)

Those present at the Annex gymnasium on the evening of Thursday, March fifteenth, witnessed a spirited debate between the faculty and the members of the local high school basketball team on the subject, "Resolved that the high school team can beat the faculty."

Those who took the affirmative were Martin, Thorpe, Reed, Newhouse and Keating while the negative was assumed by Masters, Culphier, Marlatt, Stewart and Wyley, from the ranks of the high school faculty. Dr. Verle Bebout presided as chairman and gave eminent satisfaction to the teachers by reason of the unflinching partiality of his decisions.

The method of argumentation was by forceful demonstration and resulted rather disastrously for all concerned. The arguments of the varsity team were good but they could not surpass those of Mr. Masters, whose reasoning was expressed by means of multitudinous foul goals. The arguments of Mr. Culphier were not less successful and were very forcibly presented. Mr. Marlatt was the star performer on the negative team. This was probably the result of his strenuous practice previous to the game. For about half an hour he perched gracefully but somewhat insecurely on the top of a tall step ladder directly in front of the basket, from which point of vantage he made point after point with his usual good delivery. The faculty scored heavily when, in two of the most daring and sensational plays of the evening, the professorial aggregation succeeded in getting the ball into a wicker basket, produced from the bleachers for the purpose. Mr. Stewart carried out his customary policy of watchful waiting throughout the argument, while Mr. Wyley, more "backward" than "forward," busied himself in trying to convince the spectators that he was really interested in the question at issue.

The two teams were so evenly

## Varsity Was Given the Cup

High School Basketball Team is Highly Praised by Judge Sparks in Speech.

RALPH MARTIN RESPONDS

Silver Trophy, Heavily Ornamented With Wreaths of Flowers in Relief, Is Prized.

The cup, won by the Rushville high school basketball team at the invitational tourney held here on February 24, was presented to Ralph Martin, captain of the championship quintet and representative of the high school, by Judge Will M. Sparks between halves of the faculty-varsity game played Thursday night, March 15, at the Annex gymnasium.

"Never before," said the Judge, "has Rushville had a team more deserving of this cup than the present quintet. It is with regret that the loyal supporters of the game see this five broken up by the graduation of Martin, Thorpe, and Newhouse." In closing he declared: "The boys will ever have the best wishes and kindest feelings that the people of Rushville can tender them."

Ralph Martin in responding to Judge Sparks said that it had been his desire during all the years of his high school course to win a cup for the school. He expressed his pleasure at achieving this ambition and also his sorrow at leaving the team. When the applause which greeted Martin's speech had subsided, Professor Stewart in a few timely remarks, thanked the team for its extraordinary services and the school at large for the excellent spirit shown throughout the season.

The cup is one of the most striking trophies ever won by the local school. Of medium size and of silver, it is heavily ornamented with wreaths of flowers done in relief. On it is engraved the names of the players who helped to win it. The following persons receive mention on this roll of honor: Martin, Thorpe, Newhouse, Reed, Oakley, Keating, Brown, and Alexander.

matched that no decision could be given by the judges, the public at large. If laughs were to be counted as goals, however, the verdict would certainly have favored the negative and returned the pedagogues as overwhelming victors.

## Tragic Story Of War Wins

"The Price" is Selected as Most Artistic Offering in Junior English Competition

NORMAN REED GETS SECOND

All Members of Class Submit Manuscripts and Twelve Best Are Picked for Judges

Using a tragic episode of the present European war in an artistic offering entitled "The Price," Charline McNeil won the short story contest recently conducted in the Junior English classes. The judges in the competition were Miss Matheny, Mrs. Twoomey and Mr. Marlatt, all members of the high school faculty. Second place was awarded to Norman Reed on his story "A Broken Nose," which third rank was given to Katherine Todd for her contribution "The Weakling."

All members of the Junior class submitted manuscripts in the contest and the twelve considered best by the instructor were then given to the judges for their final decision. The latter met in Mrs. Twoomey's room on last Friday afternoon and, after a careful reconsideration of the entries, made their separate reports. A tabulation of the verdicts showed that the judges were agreed on the winning story but revealed a slight difference of opinion regarding the manuscripts for second and third places. An addition of ranks, however, gave the final standing as stated above and expressed fairly accurately the estimate of the majority of the judges.

The prize-winning story will be published in the next issue.

## First Student Program

(Alfred Norris.)

The first of a series of student programs was given Friday morning, March 16, at the opening exercise period. The enthusiastic way in which the offerings were received gave evidence of the students' approval of this diversion, presented at the suggestion of Professor Stewart.

Miss Mary Louise Bliss was the first to contribute. She sang "O Dry Those Tears," as a consolation to the varsity basketball team defeated by the faculty five on the preceding night. Harry Schmalzel then appeared with pipe and cane and impersonated an old German telling of the pranks of his small son, "Dot Lettle Yawcob Straus." The last number was a dramatic interpretation of Poe's "The Raven" by Duane Reed. The reading was given in such a way as to show emotion artistically restrained and held the audience completely from the first word to the last. The storm of applause which followed indicated the unqualified appreciation of the students.

On Thursday, March 22, the second program of the series was given. It included a vocal solo, "The Fairy Pipers" by Mary Louise Poe and a cornet solo, Tosti's "Good-Bye," by Dwight VanOsdol. Both numbers were well rendered and enthusiastically received.

## STUDENT PROGRAM TODAY

The third of the series of student programs now being given in the Senior assembly room was presented this morning at the opening exercise period. It included a violin solo by Lois Reeves, a reading by Hazel Stoops, a Hawaiian specialty by Dwight VanOsdol, and a dramatic interpretation of Kipling's "Gunga Din" by Alfred Norris. Generous applause greeted all the offerings.

## School Grades Are Improved

Publication of List of Honor Pupils Reveals Them to be Better Than Any Time Yet.

A NUMBER AVERAGE NINETY

Several Also Equal 85 Per Cent and Make no Marks Below That—Names on Honor Roll.

(Mae Mills.)

The publication of a list of honor pupils on Thursday, March 15 shows that the grades of the high school students have been better in the last six weeks than at any other time during the current year. A large number of the scholars have an average of 90 per cent and do not fall below 85 per cent in any of their subjects.

The following persons have an average of 90 per cent and have no grades below that mark:—Norma Headlee; 3 A's, 1 B; May Cheek; 3 A's, 1 B; Marie Clark, 3 A's, 1 B; Helen Frazee; 3 A's, 1 B; Lucile Geraghty; 3 A's, 1 B; Floyd Meyer; 3 A's, 1 B; Louise Murphy; 3 A's, 1 B; Lois Simpson; 3 A's, 1 B; Paul Stewart; 3 A's, 1 B; Mary McCoy; 2 A's, 3 B's; Parvel Moore; 2 A's, 2 B's; Valetta Walton; 2 A's, 1 B; May Taylor; 1 A, 3 B's.

Miss Matheny: (On hall duty): Hermione, is your nose always red like that?

Hermione: (Wisely): No. Sometimes I blow it and then it's blew.

A high school Junior, noted for his fastidious dressing and generally well-groomed appearance was spending a week at a local barber shop the other afternoon, when he suddenly felt a towel, registering about 200 Fahrenheit, applied rather vigorously to the back of his neck. Realizing with a shock that the barber was washing his neck instead of cutting his hair, he shouted: "Well Good-night, Roy! Whateha doin'? Killin' time?" Whereupon Roy genially answered: "No. I'm savin' your life."

I have the leisure To take the pleasure To make you wonder Who in the thunder Took the time To make this rhyme.

## ACTUAL WAR SEEMS TO BE ONLY ANSWER

Chancellor Von Bethmann-Hollweg's  
Speech Removes All Doubt About  
Wilson's Course.

TO GO OVER WAR MESSAGE

President and Cabinet Expected to  
Make Final Draft of Speech  
to Congress Today.

BITTER WAR IS ANTICIPATED

Pacifist Element in Congress Will  
be Swamped Beneath Patriotic  
Wave, it is Indicated.

By ROBERT J. BENDER  
(U. P. Staff Correspondent.)

Washington, March 30.—Only actual war was talked here generally today. Chancellor Von Bethmann-Hollweg, in a speech considered defiant, weak and misleading puts aside all doubts in the minds of many officials that President Wilson will not make a forceful demand upon congress for America to take full part in the struggle. That Hollweg had made a poor case was the general view.

The cabinet and president were expected to shape the last of the details of the war message today.

That President Wilson will favor some form of universal military training is the view of military officials.

Military men declare that the war may be the bitterest the United States has ever seen. They argue that the universal military law ought to be applied.

The pacifist element in congress will be swamped beneath a patriotic wave, according to unofficial canvasses today. Congress will uphold the president to the last ditch it now appears.

The president today completed the first draft of his war message. Throughout the morning he worked himself to all callers and denied on the message, that it might be in definite shape for the cabinet meeting this afternoon. After completing his work he went for a long auto ride.

The cabinet's view of the situation was outspoken and frank. Several members expressed their belief that a state of war between this country and Germany has existed for some time.

## SOME DOUBT ABOUT FUTURE OF GERMANY

British Officers See Actions on Part  
of Enemy Indicating They Are  
Not Sure of Position

INDICATIONS OF A RETREAT

By WILLIAM PHILIP SIMMS  
(U. P. Staff Correspondent.)

With the British Armies, in the Field, March 30.—British officers saw behind the German lines a belief that the Germans were uncertain of their ability to hold their new defensive position. This belief was based on reports of numerous fires, explosions and preparations for bloody operations of the same character as marked their retreat to the Hindenburg line.

French survivors left behind by the retreating Germans report dissatisfaction among the German soldiers. Before leaving the soldiers revealed the situation in Germany to be similar to that which preceded the Russian revolution. The soldiers expressed general dissatisfaction with the state of affairs at home.

## RENOMINATE OLD OFFICERS

House Democrats Take This Action  
at Caucus

(By United Press.)

Washington, March 30.—Democrats of the house caucused today with thirty-three members absent and re-nominated all former officers.

Representative Gallivan of Massachusetts, leading democratic hold-out was one of the absentees. No signs of dissension were shown.

The appointments to fill vacancies on committees were left to the ways and means committee.

## FRANKLIN LODGE TEAM IS PRAISED

Degree Staff Complimented by Con-  
nersville People After Pre-  
sentation of Work

TRIP MADE IN SPECIAL CAR

Drill by Twelve Members in Front of  
Lodge Hall Feature—Parade  
Before Meeting

The degree staff of Franklin lodge, No. 35 I. O. O. F. accompanied by the Odd Fellows band and orchestra visited Connersville last evening where they conferred the third degree upon a class of fifteen candidates before a crowd estimated at 350. The meeting was held in Gutenberg lodge, No. 319.

The Rushville delegation left here at 7:30 o'clock in a chartered car over the traction line and was met at the station there by over 200 members in regalia. A parade was formed led by the local members in uniform and after traversing the main streets terminated at the hall.

A space was cleared in the street there and a picked team of twelve members gave a display drill for the benefit of the great crowd that had assembled. This feature was received with great applause and was very highly complimented by the Connersville people. The appearance of the staff and the music of the band elicited favorable comment, the turn out of fifty men in uniform being out of the ordinary.

The presentation of the third degree in spectacular form was something new for the Connersville lodge, it having never been attempted there before. In all about seventy-five members attended the meeting from this city.

## FOOD SUPPLY OF NATION IN DANGER

Alarming Reports From Grain Belt  
Reach Chicago Market—  
Shortage of Labor

MUCH WHEAT LAND PLOWED

(By United Press.)

Chicago, Ill., March 30.—The food supply of the nation is in danger, was the cry in the Chicago meat and grain markets today. Alarming reports poured into the market today from the great winter wheat fields of Kansas and Nebraska. They told of draught and of the plowing up of thousands of acres of winter wheat.

Another grave menace today was the fact that the labor shortage which exists has been made critical by the calling out of the national guard. The present national guards called will take 30,000 men from the agricultural states. Farmers hesitate about increasing the acreage in the face of a certain labor famine.

The high price of all seeds is also threatening disaster. The demand still remains greater than the supply.

## TWO WILL CONTEST FOR COUNTY HONORS

Tom Saunders to Represent Rushville  
High School and Miss Myrtle  
Smith, Carthage.

SPECIAL PROGRAM ARRANGED

The county contest of the Disunion League will be held tonight at seven-thirty o'clock at the Graham Annex auditorium to decide who shall represent Rush county in the district contest which will be held here next Friday night. The two contestants tonight will be Tom Saunders from the Rushville high school and Miss Mildred Smith of the Carthage high school. The subject of discussion will be: "Resolved, that the United States should adopt a system of compulsory military service similar in its essentials to the Swiss plan."

The program tonight will open with a violin solo by Miss Lois Reeves, followed by a vocal solo by John Norris. After the two speeches and while the judges are reaching a decision, a feature moving picture film which shows the circumstances connected with the composition of the "Star Spangled Banner" will be presented. At one point in the story, the audience will be asked to sing the song, led by A. M. Taylor.

## FORTUNATE TO GET GOV. J. P. GOODRICH

County Forum Regards it Fortunate  
That State Executive Could  
Come for First Meeting

IS AUTHORITY ON TAXATION

On account of the prominence of the speaker and the additional fact that it will be the first meeting of the Rush County Constitution Forum, a large attendance is expected at the Graham Annex auditorium next Monday night when Governor James P. Goodrich will discuss one of the questions which will enter into the making of a new constitution in Indiana.

The state executive is regarded as the best authority on the taxing question in Indiana. It is this subject that he will speak of Monday night. It was tax reform that he made the chief slogan of his campaign last fall. He has delivered many speeches throughout the state on the subject and is well equipped to offer an intelligent discussion of it.

The local committee believes it very fortunate to get Governor Goodrich for the first meeting and thinks this will prove a great thing for the Forum.

## WANTS POLITICS OUT OF THE CONVENTION

Indianapolis, Ind., March 30.—Will H. Hays, republican state central committee chairman, today issued an appeal for the election of non-partisan delegates-at-large to the constitutional convention at a conference of leading republicans of the state called to consider the proposal that democrats and republicans co-operate in selecting candidates for delegate-at large.

Hays declared that the constitutional convention will be no place for partisan politics. That the question of woman's suffrage and prohibition should be submitted separately from the constitution and that the time of the convention should not be taken up with considering these two questions, was the opinion expressed by Hays.

## RUSHVILLE MUST ACT IMMEDIATELY

Definite Step in Regard to Modern  
Appliance Company is Expected  
at Meeting Tonight

INVESTIGATORS TO REPORT

The attendance of everyone who is actively interested in a factory proposition for Rushville is urged at the meeting at the court house assembly room tonight at seven-thirty o'clock. R. L. Tompkins and S. L. Trabue, who have just returned from Chicago where they investigated the Modern Appliance company, will make a written report of their findings and ask that it be incorporated in the minutes of the meeting. They have already indicated that the report will be favorable so that here is every indication that something definite will be done tonight. The members of the committee will be ready to answer any questions that interested men may want to ask.

Rushville will have to act quickly on the proposition because the Modern Appliance company is to be informed next Tuesday at the latest what is to be expected from Rushville. Those who are acquainted with the factory and its prospects are highly enthusiastic about it because they believe the industry will grow rapidly and be good for the city.

## TO CONDEMN GROUND FOR SCHOOL PURPOSES

Ed Jackson, Washington Township  
Trustee, Brings Action Against  
Augustus Glidden Estate.

TO BE USED FOR PLAY GROUND

Washington township, by the trustee, Edward Jackson has filed suit against Edson L. Aiken, trustee of the state of Augustus Glidden, Mary Archer and Augusta Bronwell to condemn land for school purposes.

The township seeks to secure four acres from the Glidden estate adjoining the Raleigh school on the east. The ground is to be used for recreation purposes, the complaint stating that the present school grounds are too small and the crowded condition of the school makes a large play ground desirable.

It is pointed out that the trustee has offered the defendants the sum of \$1,450 for the real estate, which he considers a fair value, but that his offer has been refused. The complaint asks that the court appoint three appraisers to place a value on the property. Morgan and Ketchum represent the plaintiff.

## RUSH COUNTY HAS REACHED ITS GOAL

Rush county reached its goal on the Newcastle relief fund. When it was started several local citizens with a vision said that Rush county ought to send \$2,500 to Newcastle. Many thought it impossible, but reports of additional subscriptions at Carthage today brought the total to a little more than \$2,500. Carthage had been previously reported as sending \$200, but this week's Carthage Citizen reports, the fund closing with \$286.32. Adding this additional \$86.32 to \$2,418.25 previously reported from here, makes the sum contributed by Rush county citizens \$2,504.57.

Mrs. Bert Talbot will return to her home in Indianapolis this evening after a visit of several days with her parents, Mr. and Mrs. David Marshall.

## INCREASE IN RATES GRANTED

Freight on Coal in Indiana Advanced  
Five Cents Ton.

(By United Press.)

Indianapolis, Ind., March 30.—The Public Service Commission today granted the railroad companies of Indiana an increase of five cents a ton for coal hauled in intrastate traffic. The order follows a hearing held last summer when the railroads presented figures to prove additional revenue for necessary coal traffic. The interstate commerce commission has granted a similar order.

## CITES EXAMPLE OF OBEDIENCE

The Rev. L. E. Brown Says it is  
Necessary to be Obedient in  
Order to be Saved

REFERS TO STORY OF RAHAB

Her Obedience to Israelite Spies  
Was Her Salvation—Pronounced  
Best Sermon of Series

The example of Rahab, who was saved by the Israelite army when Jericho was destroyed, was held before the audience at the Main Street Christian church revival service last night by the Rev. L. E. Brown to show that obedience to the laws of God is the only way to be saved. He used the story of Rahab and her household, taken from the second chapter of Joshua, as the basis of the sermon.

Last night's sermon was pronounced the best of the revival thus far and was heard by a splendid audience. Special music on the program for last night could not be given but is promised for tonight.

The Rev. Mr. Brown will speak tonight at seven-thirty on the subject, "The Man Who Came to Himself." He will also preach at both of the regular services Sunday. In the morning at ten-thirty his subject will be, "Candles and Candlesticks" and in the evening at seven-thirty, "Wings of Silver, Feathers of Gold."

The evangelist told the story of Rahab and her household. She lived on the wall at Jericho and received spies that came from the Israelite army to find out the condition of the city. She protected them from the king and let them out the window of her home and down over the wall by means of a rope. In return the spies promised to save Rahab and her household when the Israelite army moved on the city of Jericho. The Israelites proved true to their promise and Rahab and her family were the only ones in the city who were saved. The spies told her to hang a scarlet thread out of the window of her house so that it would be known who had been faithful to the Israelites.

The Rev. Mr. Brown drew the lesson that Rahab was saved from death because she was obedient and hung the thread out of the window. He said that in order to be saved today it was necessary to be obedient to God.

## LETS STEEL NET CONTRACT

Navy Department Orders 100 to  
Protect Against Submarines

(By United Press.)

Washington, March 30.—A contract for 100 anti-submarine steel nets has been awarded to the American Steel and Wire company of Philadelphia. The contract amounted to \$188,100.

The nets are to be 1,500 feet in length and 34 feet deep. Delivery will commence in three weeks.

The nets are extensively used by the allies.

## WABASH CLUB IS COMING TUESDAY

College Musical Organization Will  
Give a Concert at the First  
Baptist Church

TWENTY-SIX MEN IN CLUB

Itinerary Opens Tonight With Con-  
cert in Indianapolis and Con-  
tinues Until April 11.

Active preparations are being made for the concert to be given here next Tuesday night at the First Baptist church under the auspices of the Willing Workers class of the Sunday school. Early indications are that the concert will be largely attended because the excellent reputation the organization has here. The club has appeared in Rushville in past years and gained the reputation of being the best college organization of the sort ever in Rushville. There are twenty-six men who give a variety of vocal and instrumental numbers.

This year the glee club representing Wabash college is one of the best that the school has put out in the last few years and Rushville is promised a good lively concert by a bunch of real college boys.

The program that will be offered by the college club is varied from many like organizations and will be full of good college life and patriotism. The college club is carrying with them this year two of the best musical instrument players that have ever entered Wabash in the last few years. Coming with the club are eight freshmen, six sophomores, two juniors and five seniors.

The club went on tour today, opening the itinerary with a concert at the Propylaeum in Indianapolis tonight. The tour will end with the concert at Elwood, April 11. The club has already given several week-end tryout concerts with pleasing success. The complete itinerary follows: March 30, Indianapolis; March 31, Alton; April 1, sacred concert at Alton; April 2, Shelbyville; April 3, Rushville; April 4, Connersville; April 5, Muncie; April 6, Winchester; April 7, Anderson; April 8, Anderson, sacred concert; April 9, Alexandria; April 10, Summitville and April 11, Elwood.

The club this year has been coached by Professor Francis H. Cowles, who came to Wabash last fall as successor to Professor H. M. Kingery, in the department of Latin. The personnel of the club follows: First tenors, Ellis, Kinney, Billman and Lowes; second tenors,

## Getting Ready For Easter

Usage has made Easter time  
the season for donning new  
Spring attire; and just now the  
stores are in full swing of prepara-  
tion.

Never were they brighter—  
never did the new things look  
more inviting.

And as the advertising natu-  
rally reflects the merchandise, the  
business news as told in today's  
Daily Republican is unusually  
interesting.

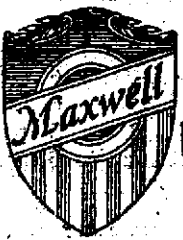

It tells of the styles, the colors,  
the shapes, the trimmings, the  
ribbons, the laces, and the furbel-  
lows.

It informs the men what is  
new in line and fabric.

It tells where the new things  
can be seen and what the prices  
are.

To miss the advertising these  
days is to miss much important  
news of what is going on in this  
busy world.

## BELIEVE GERMANS ARE UNCERTAIN

For First Time This Element Creeps Into Speeches Made in the Reichstag.

### ZIMMERMAN IS CENSURED

(By United Press.) Amsterdam, March 30.—For the first time since the start of the war a note of doubt as to Germany's future crept into Reichstag speeches, according to dispatches received here. Member Spaulin stated that he "hopes Germany is preparing to fight a new and powerful enemy."

A socialist member bitterly censured Foreign Secretary Zimmerman's Mexican-Japanese scheme against America and declared that the Prussian system must be abolished. He declared that Germany must not be considered a reactionary country.

## DRIVE AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can affect stomach and heart, as some internal medicines do.  
Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbitten feet, colds of the chest (it often prevents pneumonia).

## FUNERAL HELD TODAY

The funeral of Miss Hattie Downey, formerly of Arlington, who died at her home in Royal Center, was held this afternoon at the Arlington Christian church at two o'clock and burial was made in the Arlington cemetery. The body arrived at Arlington this morning. She was 55 years old and at one time taught school at Arlington. One sister, Mrs. Alma Kistler of Royal Center, and a half sister, Mrs. L. E. Herkless of Charlottesville, survive.

Charles E. Shively, age sixty-six years, a Richmond attorney, died yesterday afternoon after a two weeks illness brought on by an attack of the grippe. He was well known here by reason of his activity in district republican politics. Mr. Shively was past supreme chancellor of the Knights of Pythias.

Come to the exchange tomorrow in the Punteuny room in North Main. 151L.

## Jackson, Miss., Man Tells How to Cure Chronic Cough

Jackson, Miss.—"I am a carpenter, and the grippe left me with a chronic cough, run-down, worn out and weak. I took all kinds of cough syrups without help. I read about Vinol and decided to try it. Before I had taken a bottle I felt better, and after taking two bottles my cough is entirely cured, and I have gained new vim and energy."—John L. Dennis.

Vinol is guaranteed for coughs, colds and bronchitis and for all weak, run-down conditions. F. B. Johnson & Co., Druggists, Rushville, also at the leading drug store in all Indiana towns—(Adv.)

# PEPSINCO

ON EVERYONE'S TONGUE. HUNDREDS IN THIS CITY NOT ONLY SAY PEPINCO, BUT TAKE PEPINCO AFTER EVERY MEAL. THAT'S THE REASON THEY HAVE A GOOD STOMACH.

Pepsinco—say it yourself that it may be easy to remember, easy to pronounce, easy to recall. Pepsinco demonstrates and identifies the strongest, most vital, most valuable remedy for indigestion and dyspepsia in the market. Every time you say Pepsinco to your druggist you are asking him for relief for your dyspepsia.

Thousands upon thousands of persons are taking Pepsinco and are having perfect health. Many of them suffered with indigestion, sick headache, sour stomach, dyspepsia, palpitation and other stomach disorders. They are well today. They took Pepsinco because it helped others, because it is highly recommended.

You try it out. Take a dose of this remarkable preparation, Pepsinco. You'll find we are right. You'll feel better after the first dose. Its prompt action will bring you around to normal health quickly and safely.

So many ordinary ills are closely allied to stomach faults that it is safe to apply the definition of indigestion to practically every internal complaint. If you have trouble with your food; if gas follows eating; if belching distresses you; if flatulency produces heart palpitation or heartburn, then Pepsinco is the preparation for you to take, for it offers the relief decidedly the quickest and best.

You who have suffered with indigestion and dyspepsia owe it to yourself to try Pepsinco. You cannot afford to delay longer. You cannot afford to take false or questionable remedies, the composition of which is uncertain and perhaps wrong. Buy Pepsinco of your druggist and get the scientific indigestion remedy. All druggists have Pepsinco, or we will send you a sample free of charge. The Neuro Pharmaceutical Company, Wapakoneta, Ohio.

# War Debts.

The total expense of the United States government, from 1789 to 1915 inclusive, have been about \$25,500,000,000. The national debts of the chief European powers, after two and a half years of war, have risen to twice that figure, according to the estimates of our federal reserve board.

And that, of course, represents but a small part of the war cost. It takes no account of the heavy taxes collected for war purposes, of the flotation of paper money in Germany and other countries, of the vast destruction of material property which must be replaced hereafter, of the damage done to industry and commerce, of the huge bill for physical disability of soldiers and the support of soldiers' families that piled up for the future.

Our own pension disbursements as a result of the civil war have amounted, in the succeeding half-century, to just about the original money cost of the war itself, \$5,000,000,000. If Europe undertakes to war likewise for its war-dependents—and present tendencies, contrary to European precedent, are in that direction—the present admitted public war debt must be regarded as doubled.

That present debt is about one-sixth of the total wealth of the nations involved. The pension liabilities would make it one-third of their wealth. The damage already done which must be repaired may raise the total to one-half. And the war still goes on, with the debt increasing even more rapidly.

And yet nobody seems much concerned any more with the financial side of the war. All the belligerents assume that the obligations will be

# MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back hurts or Bladder bothers—Meat forms uric acid.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night, when you have severe headache, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of J&S Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will set fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithium and has been used for generations to flush and stimulate sluggish kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder discomforts. J&S Salts is a legitimate and cannot injure, makes a delightful beverage. It is the only salt that can be taken in any form.

# IT IS SERIOUS

Some Rushville People Fail to Realize the Seriousness of a Bad Back.

The constant aching of a bad back, the weariness, the tired feeling, the pains and aches of kidney ills. May result seriously if neglected. Dangerous urinary troubles often follow.

A Rushville citizen shows you what to do.

Taylor M. Lloyd, 940 W. Third street, Rushville, says: "My back ached steadily and at times was so weak that I could hardly be about. The kidney secretions were first too frequent in passage, then again seldom. I used about four boxes of Doan's Kidney Pills which I got at Pitman & Wilson's Drug Store, and they did just as recommended, relieving me in a short time."

met somehow. And doubtless they will. Enormous as they are, they are still far less heavy, proportionately to population and national wealth, than England's debt incurred in the Napoleonic wars. The multiplication of national wealth in this industrial era proceeds at an almost incredible rate. If the war brings genuine, lasting peace, the debts may be far less burdensome than we have imagined. Freedom from armament expenses would mean enough saving to pay most of the interest, and two or three decades might see the principal wiped out.

# The Complatz.

The "oomplatz," the Chicago Tribune remarks, is with us again.

And what may the oomplatz be? It's a word used sometimes by newspaper men to describe a certain type of editorial—the learned editorial on foreign affairs perpetrated by "archaic statisticians" and "editorial statesmen." It used to be a favorite output of newspapers that pride themselves on the erudition editorial columns. Then it fell into general disrepute, because the public refused to read such stuff. The war has revived it.

In writing an oomplatz, the Tribune explains, "it is necessary to be highly figurative and to use a formidable armory of unfamiliar words. When we refer to the British government or its secretary for foreign affairs, we prefer to call them Downing Street; the French, Quai d'Orsay; the German, Wilhelmstrasse; the Austrian, Ballplatz. Anyone could say, 'The intentions of the Austrian government in this matter are thus and so.' The way to say it in an oomplatz is this: 'At last the cherished hope of Ballplatz diplomacy, the historic dream of the Drang nach Osten is about to be realized.'

This newspaper prints editorials now and then on foreign affairs, because it believes that the public is interested in them, particularly while the war is in progress. But it tries not to print any oomplatzes. Why, indeed, shouldn't an editorial on foreign affairs be written as clearly, simply and sensibly as any other kind of editorial?

The only trouble in locating the proposed government paper and pulp mill is that it can't be effective in carrying more than one Congressional district.

Investigating the high prices will at least serve the purpose of suggesting to many people that they can get more money for their goods.

The League to Enforce Peace should lay in the big stock of munitions that will be necessary to secure its ends.

Much is said about the duty of neutrals. According to the general impression it is to crawl as far out of sight under the bed as possible.

The higher prices for automobiles won't affect sales. The money can always be saved out of church of charity contributions and your wife's clothes.

Such excellent inaugurals are being delivered by the governors that there is a suspicion that the secret

WOMAN OFFERS OTHERS ADVICE

Friends Can Gain Same Relief From Tanlac She Has, She Declares

South Bend, Ind., March 29.—Mrs. Cora E. Cook, of 325 East Fox street this city, has gained benefits from Tanlac, the Master Medicine and believes there are many others who can derive relief from their troubles through its use just as she did.

"I really am glad that there is such a medicine as Tanlac on the market and I know there are many others who can profit by its use just as I have," Mrs. Cook said on January 24.

"For some time," she continued, "my system generally has been all run down and I haven't felt a bit well. Stomach trouble in the form of indigestion was my chief complaint. My appetite was very poor and the little food I did eat would cause gas to form in my stomach and make me feel bloated. My stomach was in a sickened, soured condition most of the time and I was annoyed by belching almost constantly.

"I've taken three bottles of Tanlac now and I certainly feel a lot better. My appetite is ravenous now. I eat heartily and my food digests without causing me any trouble. The sickened, soured condition of my stomach has disappeared. I'm never bothered with bloating now and the belching is a thing of the past.

"I think Tanlac is an excellent medicine and I want to recommend it."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, nervousness, loss of appetite and the like and is fine for relieving the after effects of influenza, pneumonia or a severe cold.

Tanlac is now being specially introduced and explained in Rushville at P. E. Wolcott's; in Carthage at J. H. McCarthy and Sons; in Arlington at Mrs. L. T. Davis's; and in Milroy at Barton and Sheppard's.—(Adv.)

SEIGER WILL CASE NOW BEING TRIED

Suit Involving Estate of Late Falmouth Resident Opens in Fayette Court

ORIGINALLY FILED HERE

The suit of Louisa Gutapfel to break the will of the late John C. Seiger of Falmouth, started yesterday afternoon in the Fayette circuit court, where it was sent on a change of venue from this county. The case is expected to be completed late today or tomorrow morning.

The suit to break the will is directed against the Farmers Trust company of this city, executor of the will, Emma Jones, Odice Jones, Louisa Ruble, Harriet McCauley, Roy McCauley, Herman McCauley, Anna Stalter, Katie Stalter, Carrie Stalter, Oliver Stalter and Birdin Stalter. It is alleged that Seiger was of unsound mind when he wrote the will.

Under the terms of the will he gave Mrs. Jones the sum of \$1,000 for caring for him in his last illness and the balance of his estate was left to two nieces, Louisa Ruble of Kokomo and Harriet McCauley of Seattle, Wash. The plaintiff is also a niece and was not given anything under the will. Chauncey Duncan represents the plaintiff and Kiplinger and Smith the defendants.

CONNERSVILLE HAS \$150,000 FIRE LOSS

Plant of Central Manufacturing Company Destroyed Last Night—Flames Spread Rapidly

LOCAL MEN EMPLOYED THERE

(By United Press.)

Connerville, Ind., March 30.—The plant of the Central Manufacturing company, one of Connerville's industries was destroyed by fire at midnight last night with a loss of between \$100,000 and \$150,000.

The fire started in the metal department at the north end of the building and swept through the entire structure. The origin is unknown. The blaze was discovered by the nightwatchman but the flames spread so rapidly that the entire building seemed on fire when the fire departments arrived.

The Central Manufacturing company was engaged in making automobile bodies. William B. Ansted was president of the company. Plans were under way today for rebuilding. Three hundred men were put out of employment by the fire.

News of the fire at Connerville was received here early today. Several Rushville men have been working at the plant and started to work this morning as usual, not knowing of the fire.

Amusements

The Lyric will show the five act drama "Revelations" for the program tonight. It is the story of the struggle of a young opera singer to attain her place on the stage. Constance Crawley is featured. Tomorrow Vivian Rich and King Clark will be shown in the drama "The Dancer."

The Princess offers the feature drama "The Golden Chance" for the first picture of tonight's program. Cleo Ridgely and Wallace Reed are featured. It is a play of modern life with many dramatic and exciting situations. In addition to this feature picture a Burton Holmes reel of travel picture entitled "A Day with the West Point Cadets" will be shown. Tomorrow Charles Chaplin will be shown in his latest comedy "Easy Street."

Helen Holmes the dauntless heroine of "The Manager of the B and A," which will be shown at the Gem tonight, comes honestly by her title "the railroad girl of the screen." Her childhood years were spent traveling over western roads in the private car of her father who at the time was a railroad official. In "The Manager of the B. and A." she has an interesting role of Constance Emory, the daughter of an aristocratic father who loses his position as manager of the railroad.

Kidney & Co.

(BY DR. V. M. PIERCE)

The kidneys and the skin work in harmony. They're companions, the skin being the second partner. If we are anxious to keep well and preserve the vitality of the kidneys and, also, free the blood from noxious elements, we must pay special attention to a good action of the skin and to see that the kidneys are flushed so as to eliminate the poisons from the blood. The pores of the skin can be easily clogged, and frequent baths with soap and water help to remove the injurious products that clog the pores. Sweating, by hard work or in a bath, at least once a week, helps to keep the skin and kidneys in good condition. Flush the kidneys by drinking plenty of pure water with meals and between meals. Occasionally obtain of the nearest drug store Anuric, which will help flush the kidneys and the intestines. You will find that Anuric is many times more active than Luric and that it dissolves uric acid almost as hot water dissolves sugar.

The Mauzy Co.

Mrs. Gay Abererombie was in Connersville today attending a committee meeting of the federated clubs there, which are planning to entertain the federation in the spring.

About twenty-five couples attended the informal dance given in the K. of P. hall last evening, given for the Knights and their families. Mitchell's three piece orchestra played lively music during the course of dances.

An important meeting of the Women's Council will be held in the director's room of the Rushville National bank on Monday evening of next week. The meeting will begin at 7 o'clock and members are urged to be prompt. It is probable that final arrangements for the flower contest will be made at this time.

Mrs. Mary Walton entertained with a prettily appointed dinner at high noon on Thursday as a compliment to her niece, Mrs. Rachel DeWitt of Cincinnati who is here for a visit. The guests at the dinner were Mr. and Mrs. Oliver Walton and daughter, Florine, Mrs. Laura Thomas, Mrs. Margaret Thompson, Mrs. Locke Ferree, and Mrs. Elizabeth Humes.

Mrs. Carl Gunning entertained the members of her Bridge Club and a few invited guests yesterday afternoon at her home in West Tenth street. These congenial company of friends engaged in games of Bridge during the afternoon, playing in the rooms which were prettily decorated with bright spring flowers, sweet peas and jonquils. Clever little Easter appointments were also used in the service of the delicious luncheon. The club will meet again in two weeks. Invited guests yesterday were the Misses Clara Haydon and Bess Cleveland of Lexington, Ky., Mrs. George Griesser, and Mrs. Ernest Mitchell.

The eight members of the Pirate Bridge Club were the guests of Mrs. Donald Smith at her home in North Harrison street yesterday afternoon and spent the afternoon in playing Pirate Bridge. The luncheon served by the hostess was a delicious one-course affair. Mrs. Robert L. Tompkins is to entertain the club at their next meeting.

The members of the Juanita Club spent a pleasant afternoon yesterday as the guests of Mrs. Laverne Moore at her home in North Perkins street. Mrs. Moore being assisted by Mrs. Elsie Gregory. The afternoon was given over to a business session and pleasant social period near the close of which the hostesses served refreshments of ice cream, cake and coffee. The club will meet again in two weeks, the place to be announced later.

With lovely yellow flowers, tiny chicks and rabbits, a pretty Easter picture was presented in the hospitable country home of Mr. and Mrs. O. M. Harton yesterday when they entertained the members of the Merry-Go-Round Club at dinner. The center bouquet of yellow flowers was surrounded by fluffy little chickens and small rabbits. The same emblems were on the pretty little place cards, by which the guests found their places at the table. An elegant course dinner was served.

Inasmuch as this is the last meeting of the club for this season, officers were elected for next year as follows: president, Mrs. Watter Hite; vice-president, Charles Davis; secretary, Mrs. Charles Davis; and treasurer, Will Anderson. Arrangements were partially made for a picnic for July 4, which will be the next gathering of the club. Yesterday, the guests of Mr. and Mrs. Harton were Mr. and Mrs. Frank McCorkle, Mrs. Mary Cowan, Mr. and Mrs. Charles Davis, Mr. and Mrs. John Davis, Mr. and Mrs. Wal-

## Here's What You Can Do With Your Haynes "Light Six"

Drive 1 to 60 miles per hour on high. Get up speed of 30 miles per hour in 7 1/2 seconds from a standing start, with full load. Climb on "high" hills that stall most cars. Average 8,000 miles to set of tires. Average 16 to 22 miles per gallon of gas. Average 400 miles to quart of oil.

These figures are not maximum records, achieved just once—but are based on performance reported by hundreds of Haynes owners. They indicate exactly what you can expect to do with your Haynes. New refinements have been added for comfort and convenience in the new series Haynes.

—but the engine is the same wonderful power plant, with cylinders 3 1/2 x 5 that develop more power than any other motor of any make of equal bore and stroke.

## ARRANGES FOR STATE CONFERENCE ON TAXES

Executive Committee of Indiana Association is Called Together by the President

### STARTED REFORM AGITATION

Indianapolis, Ind., March 30.—Arrangements for a third state tax conference were made at a meeting today of the executive committee of the Indiana Tax association. The meeting was called by Dr. W. W. Rawles, president of the association and a member of the commission appointed by the legislature two years ago to make an investigation of the taxation problem in the state and Fred A. Sims, executive secretary of the association and another member of the association.

Tax reform agitation was started by the organization through state tax conferences, one held in 1913 at Indiana university and the other a year later in Indianapolis. The taxation agitation was partly responsible for the passage of the constitutional convention bill by the last legislature.

Under the present plans, the taxation conference would be held before the time of filing petitions for delegates to the constitutional convention in order to arouse the people to the necessity of changing the taxation laws. The meeting will probably be a two day conference, held in Indianapolis.

## CAMPS OF COUNTY ARE TO MEET HERE

Modern Woodmen Will Elect Delegates to State Camp to be Held at Hammond May 2.

### SESSION ON NEXT WEDNESDAY

The county camp meeting of the Modern Woodmen of America will be held in the local camp room on the third floor of the Beher-King building next Wednesday evening at seven o'clock. There will be delegates from Milroy, Manilla, Rushville and Sexton camps will be present. One delegate will be elected to attend the state camp meeting at Hammond, Ind., Wednesday, May 2, to represent Rush county camps.

Immediately at the close of the county camp meeting the local camp will be convened in regular session and several candidates will be adopted for the entertainment of the visitors. The newly organized orchestra of the Modern Woodmen will provide music for the occasion and a large attendance of the membership is expected.

## WILL INTRODUCE SUFFRAGE MEASURE

Only Woman Representative's First Act Will be to Put Resolution Before the House.

### HER ARGUMENT FOR PASSAGE

(By United Press.)  
Washington, March 30.—Miss Jeanette Rankin, the lady from Montana, will reintroduce in congress the Susan B. Anthony constitutional amendment for universal suffrage as her first official act after being sworn in on Monday.

The National Woman's party announced Miss Rankin's plans. Miss Rankin, America's first woman representative, will press for immediate consideration and passage of her resolution on the ground that if England has been forced to it now that war has come to England, America should grant it before war comes to America.

Washington, March 30.—Although the railroads of the country contend that heavy increased operating expenses have greatly reduced their earnings, the January estimate of the net income of the leading roads announced today by the interstate commerce commission showed a gain of seven million dollars over the same month over a year ago.

## "When in Doubt, Push Both Feet"

THAT'S ALL YOU NEED TO KNOW to drive Reo the Fifth, "The Incomparable Four."

THAT'S ONE REASON WHY this great car is so popular with women drivers—its simplicity and certainty of control.

"HANDLES JUST LIKE my old electric," exclaimed a prominent society woman when, after much hesitation, she essayed to drive her husband's new Reo the Fifth—and found to her surprise and delight that it was just as easy to drive a Reo gasoline car as it had been to drive her poky old electric.

YOU SEE, THE TWO foot pedals are both "brakes"—and the left pedal also releases the clutch. Push half way—clutch releases and car coasts freely; push further and you set the "service" brake. Right foot sets the other or "emergency" brake.

NOW HERE'S THE DIFFERENCE between this Reo control and others:

ON OTHER CARS you must think of several things at once. Of course after a few weeks driving the various operations become practically automatic. But meantime—you may pay the price of the car for an accident, and a new radiator or fender is the frequent result of learning on most cars.

"STANDARD PRACTICE" controls one brake by a hand lever; the other by the right foot; and the clutch pedal is controlled by the left foot.

TO STOP QUICKLY and hold the car on an incline; you must perform three operations at least—release clutch and set two sets of brakes—one with the foot, one with the hand.

DRIVING REO THE FIFTH is simplicity itself to the novice—for all you need to know is "if in doubt, push both feet." Car stops—and nothing happens, you know, when you are standing still.

THE VERY FACT that you don't have to think which foot; nor need to use your hand at all; but can keep both hands firmly grasping the wheel, where they ought to be—till the emergency has passed—makes this the safest, simplest car in the world to drive—bar none.

JUST TRY IT yourself—if you have ever driven any car you need absolutely no instructions. Glance at the index plate that surrounds the "one rod" control lever—and you are an expert Reo driver from the instant.

IS IT ANY WONDER the demand for this Reo the Fifth has always been greater than the possible supply?

SIMPLICITY OF CONTROL—and low cost of upkeep are the two chief reasons.

THE PRICE—\$875 f. o. b. factory, is the other reason—for the quality, the bigness, and the luxurious riding qualities of Reo the Fifth at the price, makes this car "The Gold Standard of Values" among automobiles.

## ATTENDING A CONFERENCE

Local Republicans Indianapolis at Call of State Chairman Hays.

Several local republicans were in Indianapolis this afternoon in response to a message from Will H. Hays, state chairman, sent to leading members of the party in Indiana urging them to attend for the purpose of considering the best plans for selecting candidates for delegates-at-large to the constitutional convention. All district and county chairmen; executive and advisory committees; members of the Indiana congressional delegation and republican editors were invited to attend.

## Serum Station....

The Swine Breeders Pure Serum Company of Thorntown, Indiana, has established a Serum Station at Rushville for the benefit of their stockholders and also the farmers of this part of the State who want to use a high class serum.

We sell direct to the farmer and guarantee him the best, pure, potent serum and virus that can be obtained anywhere. This serum is strictly troat bled serum, obtained by killing the hog outright and this is the only plant in the country using this method.

The company has arranged to keep serum on hands at Kramer's Cold Storage Plant, and anyone wanting serum can get it any time. We are prepared to answer calls for vaccination at all times and have an office with the Nipp Insurance Company over the Rushville National Bank.

## Moline Universal One Man Tractor

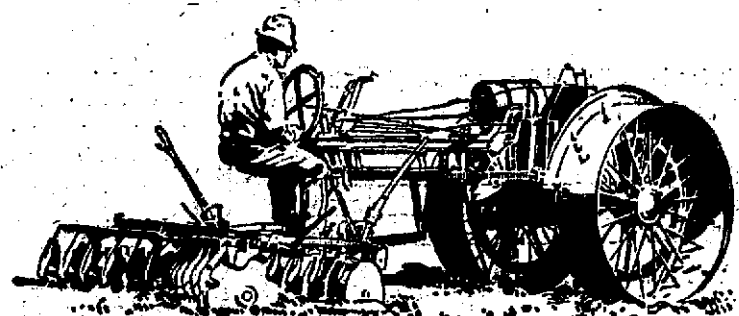

For All Field Work — Plowing, Harrowing, Planting, Cultivating, Mowing, Haying, Harvesting, Etc.

10 to 12 H. P. on the Belt for Stationary Work.

### Reasons Why the Moline-Universal is in a Class by Itself

- 1—Operator controls entire outfit from the seat of the implement—only one man required.
- 2—Pulls the usual 5-horse load.
- 3—Does as much work as seven horses owing to its greater speed and endurance.
- 4—Costs less than four horses.
- 5—Requires less care than one horse.
- 6—Eats only when it works.
- 7—Weighs about the same as a team, and from 1500 to 2000 pounds less than any other tractor of equal power.
- 8—Handles easier than a team.
- 9—All the weight on the drive wheels—every ounce available for traction.
- 10—Turns in a 16-foot circle.
- 11—Backs as easily as it goes forward.
- 12—Plows from four to twelve acres a day.
- 13—One wheel runs in the furrow—practically self steering.
- 14—Does not pack the soil.
- 15—Works close to fences and in corners—just right for work in small fields.
- 16—Cultivates from sixteen to twenty acres a day.
- 17—Thirty-one inches vertical clearance.
- 18—Can easily and quickly be attached to mower, binder, hay rake, harrow, planter, lister, grain drill, etc.
- 19—Develops from 10 to 12 h. p. for grinding, pumping, cutting silage, sawing wood, running lighting or power plant.
- 20—Motor is two cylinder opposed, cast en bloc with detachable heads.

## W. J. BRYAN HOLDS OUT OLIVE BRANCH

In Open Appeal to Congress Today,  
He Says He Expects to Live  
Up to Citizen's Duty.

### ACTS ARE NOT AGAINST U. S.

(By United Press.)  
New York, March 30.—William Jennings Bryan, in an open appeal to members of congress today, made an effort to keep this country at peace. Bryan, who said that he "expected to live up to a citizen's duty if war comes," asked congress to consider the fact that Germany's wrongs, unjustifiable as they may be, are not intended primarily against this country, but are acts of desperation against nations with which Germany is at war. He pointed out that our land is not threatened with invasion, but that we are asked to go three thousand miles for a chance to fight.

### TO DETAIN RELIEF WORKERS

Germany to Make Sure None Carries Out Military Information.

(By United Press.)  
Washington, March 30.—American relief workers ordered by the government to leave Belgium will probably be detained for about two weeks in some German town of their own selection, under an agreement made some time ago between Germany and this government. This agreement was made in order that none of the workers could bring out military information.

## BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them. Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects. All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects. Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath. Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

Salt  
Salt is a white, bullheaded seasoning that has to be put in a shaker and handled roughly before it will mind.

It has an awful crust at times and must be pulverized into submission. It will balk and stall around its retreat as long as it can, coming out in the open only when you threaten it with the blunt end of a fork.

Then it has spells of melancholy. You might as well let it alone when it gets one of these. It grows soggy and dull. There is nothing in the world more morose than a soggy shakerful of salt.

When our salt gets stubborn and mulish we just say to ourselves, but not so our wife can hear: "Well perhaps we are now dealing with a chunk of the salt Lot's wife turned to."

## Tom Saunders To Be Speaker

Earns Right to Represent Rushville High School at County Discussion Contest.

WILL BE HELD FRIDAY NIGHT

Members of Senior English Hold Competitive Debate to Determine the Representative.

(Margaret Ball)

In the Senior English debates held on Friday, March 16, at the regular recitation hour, Tom Saunders won the right to represent Rushville high school in the public Discussion contest to be held here tonight at the Annex auditorium. The question discussed was: "Resolved that the United States should adopt a military system, similar in essentials to the Swiss plan."

The contest took the form of two debates. In the first those who defended the question were Gertrude Wilkinson, Tom Saunders, Marie Clark and Hermione Hughes and those on the negative were Louise Murphy, Lois Simpson, Paul Newhouse and Golda Jackson. The speakers for the affirmative in the second debate included Myrl Pierson, John Fleehart and Marjorie Retherford, while those who attacked the proposition were Lucile Geraghty, Lee Retherford and Paul Thorpe.

The debaters had their material well in mind and spoke easily and convincingly. Each speaker was allowed four minutes for argument and was permitted to use notes but not manuscript.

The judges, Mr. Marlatt and the members of the Senior English class, awarded second place to Paul Newhouse and third to John Fleehart, one of whom would represent the high school in case unforeseen difficulties should prevent the participation of the winner, Thomas Saunders.

## Student Opinion

Trifler or Student. Which?

Did you ever observe the fellow who is always getting "called down" or "hauled out"? Take notice the next time and you will find that he is down in his studies, discourteous, and generally happy-go-lucky in nature.

Contrast him with a student who is quiet and modest, and whose deportment is never called in question. You will find that the latter is scholarly, courteous, and generally energetic and persevering by disposition.

It is logical. The fellow who studies has no time for making disturbances and consequently does not get "hauled out" or "called down." He is always paying attention to what is said and is never so discourteous as to shout out a question to the interruption of teacher and pupils alike. When a laugh is permissible he never "horse-laughs" or applauds unnecessarily with either hands or feet. He respects the rights of others. He is not a happy-go-lucky "ne'er-do-well," for he has an aim, a standard, a goal to reach, and is straining with all his might to get there. He will.

What are you, gentle reader? A disturber or a promoter? A pupil or a scholar? A student destined to success or a trifle doomed to failure? It will pay you to diagnose your case and apply remedies as needed.

The Junior class has been organized for the present year and has elected the following officers: President: Harold Perkins; Vice-President: Katherine Todd; Secretary: Gladys Bebout; Sponsors: Miss Baldwin and Mr. Marlatt.

## Three Tied For The First Place

Seniors, Juniors and Sophomores Even in Girls Inter-Class Basketball Contest.

EACH HAS WON TWO GAMES

Had Seniors Been Victorious in Last One, They Would Have Had a Clear Title.

(Paul Newhouse.)

As a result of the varied victories in the inter-class games, the Seniors, Juniors and Sophomores are now tied for first place in the series of girls basketball contests, recently played in the Annex gymnasium. Each team has won two games and the final contest, which is to decide the championship, will be played at an early date.

On Tuesday night, March 21, the Seniors defeated the Freshmen 2 to 0 and the Juniors triumphed over the Sophomores 12 to 4. On Thursday, March 23, the winners of the first games, the Seniors and Juniors clashed and the Juniors were defeated 2 to 0. The Sophomores also defeated the Freshmen 2 to 0. In the games played Monday night, March 26, the Juniors encountered the Freshmen and were victorious by the score of 6 to 0, while the Sophomores "up set" the dope when they defeated the Seniors 3 to 2. Had the Seniors won their last game they would have had a clear title to the championship. Because of this defeat, however, another game is necessary to decide which team will be awarded the silver cup, offered by the director, Miss Nelle Baldwin.

The teams are composed as follows: Seniors: Marie Clark, Elsie Frazee, Valetta Walton, Nola Roth, and Hermione Hughes; Juniors: Hazel Stoops, Margaret Cooning, Katherine Todd, Lucile Roth and Dorothy Easley; Sophomores: Mary Ellen Hughes, Ruby Sparks, Norma Geraghty, Gladys Chadwick, and Anna Rosencranes; Freshmen: Marguerite Kelly, Helen Thomas, Stella Offutt, Josephine Scholl, Helen Matlock, Jean Sparks and Janet Dean.

## Sophs Knocked Out

In a conflict, made deafening by the crack of breaking bones and colorful with buckets of blood, the Seniors defeated the Sophomores in the annual knock-down-drag-out game at the Annex arena last night. The fight was well attended and the fans were more than satisfied with the unbroken series of thrills presented by the numerous clinches, pinches and punches.

The Senior squad consisted of Thorpe and Newhouse, middleweight contenders, Martin the only man in the game whose reach exceeds Jack Johnson, Young Newhouse, who has yet to prove his class, and world renowned Wiva Pierson, heavyweight champion. The Sophomore aggregation included Johnny Keating, bantam-weight title holder, Lem Brown, Alec Alexander and Tommy Tompkins, all star-pugilists, Norman Reed the hardest hitter in the ring, and "Lil Arthur" Thompson, ex-sparring partner of Jess Willard.

The first round of the battle was so furious as to show to all who understood the game that it could not possibly continue more than two periods without resulting in fatal exhaustion for all the boxers. Referee Masters was all over the ring breaking clinches, adjusting quarrels, and registering challenges as they were provoked from time to time by punches of unwarranted force.

By way of explanation, this was in reality a basketball game, played at the Annex Gymnasium last night and resulting in a victory for the Seniors by a score of 31 to 22. The game was rough but no fatalities or serious injuries have been reported.

## Coach Deserves Credit

COACH MASTERS

Mr. Masters has worked wonders with the basketball team. He has made them better players by coaching, better athletes by training, better students by inspiration, and better men by association. Enough said. We might add, however, that the season has been very successful, not only in the percentage of games won, but also in financial returns, the inculcation of sportsmanlike ideals, and the development of a wholesome spirit.

## Debate Is Held At Gymnasium

Varsity Takes Affirmative on Question, "Resolved High School Can Beat Faculty"

DR. BEBOUT IS CHAIRMAN

Method of Argumentation is Forceful Demonstration Which Results Disastrously

(Katherine Todd)

Those present at the Annex gymnasium on the evening of Thursday, March fifteenth, witnessed a spirited debate between the faculty and the members of the local high school basketball team on the subject, "Resolved that the high school team can beat the faculty."

Those who took the affirmative were Martin, Thorpe, Reed, Newhouse and Keating while the negative was assumed by Masters, Culpher, Marlatt, Stewart and Wyley, from the ranks of the high school faculty. Dr. Verle Bebout presided as chairman and gave eminent satisfaction to the teachers by reason by the unflinching partiality of his decisions.

The method of argumentation was by forceful demonstration and resulted rather disastrously for all concerned. The arguments of the varsity team were good but they could not surpass those of Mr. Masters, whose reasoning was expressed by means of multitudinous foul goals. The arguments of Mr. Culpher were not less successful and were very forcibly presented. Mr. Marlatt was the star performer on the negative team. This was probably the result of his strenuous practice previous to the game. For about half an hour he perched gracefully but somewhat insecurely on the top of a tall step ladder directly in front of the basket, from which point of vantage he made point after point with his usual good delivery. The faculty scored heavily when, in two of the most daring and sensational plays of the evening, the professorial-aggregation succeeded in getting the ball into a wicker basket, produced from the bleachers for the purpose. Mr. Stewart carried out his customary policy of watchful waiting throughout the argument, while Mr. Wyley, more "backward" than "forward," busied himself in trying to convince the spectators that he was really interested in the question at issue. The two teams were so evenly

## Varsity Was Given the Cup

High School Basketball Team is Highly Praised by Judge Sparks in Speech.

RALPH MARTIN RESPONDS

Silver Trophy, Heavily Ornamented With Wreaths of Flowers in Relief, Is Prized.

The cup, won by the Rushville high school basketball team at the invitational tourney held here on February 24, was presented to Ralph Martin, captain of the championship quintet and representative of the high school, by Judge Will M. Sparks between halves of the faculty-varsity game played Thursday night, March 15, at the Annex gymnasium.

"Never before," said the Judge, "has Rushville had a team more deserving of this cup than the present quintet. It is with regret that the loyal supporters of the game see this five broken up by the graduation of Martin, Thorpe, and Newhouse." In closing he declared: "The boys will ever have the best wishes and kindest feelings that the people of Rushville can tender them."

Ralph Martin in responding to Judge Sparks said that it had been his desire during all the years of his high school course to win a cup for the school. He expressed his pleasure at achieving this ambition and also his sorrow at leaving the team.

When the applause which greeted Martin's speech had subsided, Professor Stewart in a few timely remarks, thanked the team for its extraordinary services and the school at large for the excellent spirit shown throughout the season.

The cup is one of the most striking trophies ever won by the local school. Of medium size and of silver, it is heavily ornamented with wreaths of flowers done in relief. On it is engraved the names of the players who helped to win it. The following persons receive mention on this roll of honor: Martin, Thorpe, Newhouse, Reed, Oakley, Keating, Brown, and Alexander.

matched that no decision could be given by the judges, the public at large. If laughs were to be counted as goals, however, the verdict would certainly have favored the negative and returned the pedagogues as overwhelming victors.

## Tragic Story Of War Wins

"The Price" is Selected as Most Artistic Offering in Junior English Competition

NORMAN REED GETS SECOND

All Members of Class Submit Manuscripts and Twelve Best Are Picked for Judges

Using a tragic episode of the present European war in an artistic offering entitled "The Price," Charline McNeil won the short story contest recently conducted in the Junior English classes. The judges in the competition were Miss Matheny, Mrs. Twoomey and Mr. Marlatt, all members of the high school faculty. Second place was awarded to Norman Reed on his story "A Broken Nose," which third rank was given to Katherine Todd for her contribution "The Weakling."

All members of the Junior class submitted manuscripts in the contest and the twelve considered best by the instructor were then given to the judges for their final decision. The latter met in Mrs. Twoomey's room on last Friday afternoon and, after a careful reconsideration of the entries, made their separate reports. A tabulation of the verdicts showed that the judges were agreed on the winning story but revealed a slight difference of opinion regarding the manuscripts for second and third places. An addition of ranks, however, gave the final standing as stated above and expressed fairly accurately the estimate of the majority of the judges.

The prize-winning story will be published in the next issue.

## First Student Program

(Alfred Norris.)

The first of a series of student programs was given Friday morning, March 16, at the opening exercise period. The enthusiastic way in which the offerings were received gave evidence of the students' approval of this diversion, presented at the suggestion of Professor Stewart.

Miss Mary Louise Bliss was the first to contribute. She sang "O Dry Those Tears," as a consolation to the varsity basketball team defeated by the faculty five on the preceding night. Harry Schmalzel then appeared with pipe and cane and impersonated an old German telling of the pranks of his small son, "Dot Leetle Yaweb Straus." The last number was a dramatic interpretation of Poe's "The Raven" by Dnane Reed. The reading was given in such a way as to show emotion artistically restrained and held the audience completely from the first word to the last. The storm of applause which followed indicated the unqualified appreciation of the students.

On Thursday, March 22, the second program of the series was given. It included a vocal solo, "The Fairy Pipers" by Mary Louise Poe and a cornet solo, Tosti's "Good-Bye," by Dwight VanOsdol. Both numbers were well rendered and enthusiastically received.

## STUDENT PROGRAM TODAY

The third of the series of student programs now being given in the Senior assembly room was presented this morning at the opening exercise period. It included a violin solo by Lois Reeves, a reading by Hazel Stoops, a Hawaiian specialty by Dwight VanOsdol, and a dramatic interpretation of Kipling's "Gunga Din" by Alfred Norris. Generous applause greeted all the offerings.

## School Grades Are Improved

Publication of List of Honor Pupils Reveals Them to be Better Than Any Time Yet.

A NUMBER AVERAGE NINETY

Several Also Equal 85 Per Cent and Make no Marks Below That—Names on Honor Roll.

(Maie Mills.)

The publication of a list of honor pupils on Thursday, March 15 shows that the grades of the high school students have been better in the last six weeks than at any other time during the current year. A large number of the scholars have an average of 90 per cent and do not fall below 85 per cent in any of their subjects.

The following persons have an average of 90 per cent and have no grades below that mark: Norma Headlee; 3 A's, 1 B; May Cheek; 3 A's, 1 B; Marie Clark, 3 A's, 1 B; Helen Frazee; 3 A's, 1 B; Lucile Geraghty; 3 A's, 1 B; Floyd Meyer; 3 A's, 1 B; Louise Murphy; 3 A's, 1 B; Lois Simpson; 3 A's, 1 B; Paul Stewart; 3 A's, 1 B; Mary McCoy; 2 A's, 3 B's; Parvel Moore; 2 A's, 2 B's; Valetta Walton; 2 A's, 1 B; May Taylor; 1 A, 3 B's.

The following persons have an average of 85 per cent and have no grades below that mark: Mary L. Bliss, May Cheek, Marie Clark, Marjorie Clark, Raymond Clarkson, John Fleehart, Helen Frazee, Lucile Geraghty, Norma Headlee, Hermione Hughes, Gladys Lyden, Margaret Mahin, Helen Matlock, Mary McCoy, Charline McNeil, Floy Meyer, Parvel Moore, Sylvia Mullins, Louise Murphy, Charles Newhouse, Paul Newhouse, Lucile Roth, Nola Roth, Louis Simpson, Paul Stewart, May Taylor, Valetta Walton, Katherine Wooden, Beatrice Wilson.

## RED HOT STUFF

The faculty-varsity game in playing was certainly tame; But judged by the way The boys limped next day The faculty wasn't to blame

Ann Onymous.

Mr. Parke: (In "Musical History" class): Name the five greatest composers.

John Lewis: (Thoughtfully): Mozart, "Bake-Oven," Chloroform, Lead, and Ether.

Miss Matheny: (On hall duty): Hermione, is your nose always red like that?

Hermione: (Wisely): No. Sometimes I blow it and then it's blew.

A high school Junior, noted for his fastidious dressing and generally well-groomed appearance was spending a week at a local barber shop the other afternoon, when he suddenly felt a towel, registering about 200 Fahrenheit, applied rather vigorously to the back of his neck. Realizing with a shock that the barber was washing his neck instead of cutting his hair, he shouted: "Well Good-night, Roy! Whatcha doin'? Killin' time?" Whereupon Roy genially answered: "No. I'm savin' your life."

I have the leisure To take the pleasure To make you wonder Who in the thunder Took the time To make this rhyme.

Mr. Marlatt: (Discussing trite expressions in Newspaper Writing class): What are the three most overworked words in a student's vocabulary?

Everett Oakley: "I don't know."

Mr. Marlatt: (Emphatically): "Correct."
